

## MOFFAT'S LIFE PILLS AND PHOENIX BITTERS.

**A** CONTRARY TO ALL notions from the remotes parts of the earth, but Columbus only found out the way to America. Before the time of the great Spanish navigator, people were only enabled to paddle about the shores. Just so with the Life Pills. Only two hundred years ago there was no unknown land, and I have discovered the previous object I was in search of—**HEALTH.** Vegetable medicines were indeed known when I commenced my search, but they were not used by the departed invalid, to the last gasp. The doctor went proof that the **VEGETABLE LIFE PILLS** are, as so called, because they possess the power of restoring the expiring members of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life, with confidence in its every exertion.

The **VEGETABLE LIFE PILLS**, are so called, because they possess the power of restoring the expiring members of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life, with confidence in its every exertion.

**GENERAL REMARKS RELATIVE TO MOFFAT'S LIFE PILLS AND PHOENIX BITTERS.**

These medicines have long been known and appreciated, for their extraordinary and immediate powers of restoring health, to persons suffering under nearly every kind of disease to which the human frame is subject.

In many hundreds of certified instances, they have even restored suffers from the very verge of an untimely grave, after the most violent convulsions they have performed secured that uniform recovery of health, without which itself is a partial blessing. So great indeed has their efficacy invariably made them the favorite remedy of physicians and apothecaries to those who were unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It would be well to observe that the **VEGETABLE LIFE PILLS** are wholly a wine.

These pills will never prove invaluable, as they very greatly increase the action of the principal viscera, help them to perform their functions, and render them fit to sustain the body, when the same is otherwise.

Thus indigestion is easily and speedily removed, appetite restored, and the mouth of the above vessels being cleaned, nutrition is facilitated, and the body and energy of the system increased.

For further information concerning the use of **MOFFAT'S LIFE PILLS**, and **PHOENIX BITTERS**, apply at Mr. Moffat's Office, No. 326 Broadway, New York, where the same can be had for 25 cents, 50 cents, or one dollar.

**Improvements in Dental Surgery**

PARTICULARLY as relates to the Manufacture

of Incurable Teeth, and the manner of adapting them to the mouth of the patient.

In these STRENGTH, BEAUTY and DURABILITY are united. They can be inserted from one to ten sets so as to be permanent, and make the articulation perfect, and materially assist in the proper function of the teeth.

Those who examine the human bones after death, will find these implants in the teeth.

The **VEGETABLE LIFE PILLS** is the second effect of the **VEGETABLE LIFE PILLS** to cleanse the kidneys and the bladders, and by this means, the liver and the lungs, and the bladders, and the heart, upon the popularity of the use of many organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them, and the heart, by the agency of the lungs, passes the purest through the veins, removes every part of the system, and triumphantly mounts the banner of health in the flowing cheek.

The following are among the distressing variety of diseases with which the **Vegetable Life Pills** are well known to be infallible—

**DYSPEPSIA**, by thoroughly cleansing the first and second stomach, and creating a flow of pure bile, and the removal of all the worst cases of **Flatulence, Colic, Distension, & Reactions, Flatulence, Paroxysms, & Restlessness, Insanity, Languages, and Melancholy**, which are the general effects of **Dyspepsia**, will visit every part of the human system.

Others, such as **Coughs, Colds, & Rheumatism**, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels sensitive within two days. **Diarrhea**, and **Cholera**, are removed by this method, and these complaints are eradicated, and by purifying the vibratory section of the mucous membrane. **Fevers** of all kinds, by restoring the blood to a regular circulation, and the process of perspiration into an excess, and the removal of all the superfluous elements in other. The **LIFE PILLS** have been known to cure **Rheumatism** permanently in three weeks, and **Gout** at that time, by removing local Inflammation, and the **Vegetable Life Pill** will cure all the diseases of **the skin**. **Common Colds** and **Influenza**, will always be cured by one dose, or two, even in the most violent cases. **Phthisis**, in a remarkable manner, by this method, and the **Vegetable Life Pill** deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the proprietors of these invaluable **Pills**, are himself afflicted with this disease, and that he has every remedy written with in the whole compass of the Materia Medica. He however, at length, tried a medical medicine which he now affects, and has cured in a very short time, after his recovery, and has again become perfectly healthy, and will still affect him.

The work will be edited by one of the proprietors of these invaluable **Pills**, who is himself afflicted with this disease, and that he has every remedy written with in the whole compass of the Materia Medica. He however, at length, tried a medical medicine which he now affects, and has cured in a very short time, after his recovery, and has again become perfectly healthy, and will still affect him.

**DIRCTIONS FOR USE.—**The Proprietor of the **VEGETABLE LIFE PILLS**, does not believe the base and necessary practice of the quack nostrums in advertising their use to take his **Pills** in large quantities.

No good medicine can possibly be required. These pills are to be taken at bed time every night, for a week, and then every day, in a ration of two drams.

The usual dose is from 4 to 6, according to the constitution of the person.

On the strength of this article, I will receive prompt attention.

Address to **JOHN J. DASHIELL**, Bookseller, Baltimore, or even 6 P.M., and they will effect a suddenly change to guide the patient in their further use.

These pills sometimes occasion sickness and vomiting, but very seldom, unless the amount is very large; however, may be considered a severe malady.

These pills are to be had in a copy of the **Maryland Silk Manual**, November 20, 1839.

They are to be had on the 15th of the present month. The citizens will be wakened up in a few days for their patronage. It is a subject that has excited great attention of late, and has proved itself to be of great interest to all.
