

The MARYLAND GAZETTE

[XXth Year.]

THURSDAY, May 3, 1764.

[N^o. 991.]

STOCKHOLM, January 20.

OUR Court has received the following Intelligence. The Drotningholm, one of our Merchantmen, sailing from Cadiz to Marseilles, met with a Tunisian Xebeque, which made the usual Signal for exhibiting Passports; accordingly the Captain sent his Pals with 6 Men in the Boat; but by his Spy-Glass he perceived that his Men were taken on board the Xebeque, and that his Boat was filled with Turks. Upon which the Merchantman crowded Sail, and got into Leghorn. At the same Time our Court received Advice, that the Regency of Tunis had declared War against us, and ordered their Corsairs to take all Swedish Ships they might meet in the Mediterranean. This Proceeding is grounded upon nothing but the Delay of some Presents, which had been promised by Sweden, and which our Court did really send, but the Ship that carried them was wrecked near Elfinure.

LONDON, February 18.

The Aigrette Frigate is arrived at Rochfort, with the Governor of Louisiana and his Family on board, after a very bad Passage.

Letters by Yesterday's Mail from France, advise, that they had it strongly reported at Paris, that there had happened a Misunderstanding between our Court and that of France, on account of the great Number of People and Forces which have embarked, and are daily embarking for Cayenne, in the West-Indies.

A curious Marble Pedestrian Statue of his Majesty, King George III. is finished by Mr. Wilton, the Statuary, and will shortly be placed, by Order of the City of London, amongst the other Statues of the English Kings, on the Royal Exchange.

We hear that two young Gentlemen, Natives of Guiney, who have received a liberal Education, under a worthy and learned Clergyman of this City, will shortly receive Holy Orders in the Church of England, and be sent over, agreeable to their Characters, in order to propagate the Gospel among the Negroes, their Countrymen.

It is said a Petition from certain Jews, for Leave to settle in the new Colonies conditionally, has, for some Time past, been under Consideration. These People propose advancing a large Sum upon the Credit of the Province, to be employed for the Service of Agriculture and Commerce, provided certain Privileges and Immunities may be granted them for a Term of Years, from the Date of their first Arrival in America.

The Ambuscade Privateer, Captain Roberts, which went in Confort with the Lord Clive, Captain M'Namara, to the South-Seas, where the latter was unfortunately blown up, is arrived at Lisbon.

Feb. 20. There were 455 Members in the Hon. House of Commons on Saturday Morning at Five o'Clock, when they broke up.

The Dutch East-India Company have actually at this Time no less than 30,000 European Soldiers in their several Factories and Garrisons in the East-Indies, and it is said eleven Ships of the Line, besides Frigates.

We hear that the Island of St. John's, of which Lord Egmont has obtained a Grant, is to be divided into fifty Baronies, subdivided into so many Freeholds each; the whole to be held by military Tenures, Lord Egmont being Lord Paramount.

Feb. 21. On Saturday Night last Mr. Alexander Dun, who since his late Attempt on Friday to escape over the Wall of the King's Bench Prison, had been confined to a Room, tore up the Flooring, and putting the Boards, Chairs, and his Bed together, set them on Fire, and had it not been happily discovered in Time, the whole Building might have been consumed, and probably several Lives lost.

They write from Leghorn, that the Algerines had taken a Dutch Dogger laden with Corn, and carried her into Genoa.

On Wednesday last the Prince of Wales East Indiaman was taken up, and will sail with all possible Expedition, with a Train of Artillery, and 3 or 400 Soldiers, for Bengal.

It is reported, that His Majesty will visit his German Dominions this Year.

It is suspected that a Scheme was laid some Days ago by a Gang of Villains to rob a Ship in the River, lately arrived from North America, of a large Chest of Dollars, amounting to 20,000; for on Sunday Morning the Ship Dog was found dead upon Deck, and it is thought the Attempt was laid aside, on the Rogues having discovered that the Silver was put ashore the preceding Day.

Feb. 22. Yesterday Morning, a little after Nine o'Clock, came on before the Right Hon. Lord Chief Justice Mansfield, in the Court of King's Bench, Westminster, the Trial of John Wilkes, Esq; as the supposed Republisher of No. 45 of the North Briton, with Notes; the Court was opened, in a very learned Manner, by the Attorney General, who observed, that he had received certain Information, that inflammatory Papers had been sent to the Gentlemen of the Jury, in Favour of the Defendant, tending to bias and prejudice their Minds; his Lordship then made some Remarks on the heinous Nature of such a Proceeding, if true, and declared, if the offending Party could be discovered, he should be punished in the most exemplary Manner: A Question was then put to the Jury relative to the above, when the Foreman acknowledged the Fact; and, at the same Time, putting his Hand into his Pocket, produced a Paper on the other Side, which he observed was equally inflammatory; and which put the whole Court in a Smile.

After the Examination of Witnesses, and summing up the Evidence, the Jury retired for an Hour and Three Quarters, and then brought in the Defendant Guilty.

The Council for the Crown were Mr. Attorney General, Mr. Martin, Mr. Clayton, and Mr. Wallace. For Mr. Wilkes, Mr. Serjeant Glynn, Mr. Recorder of London, Mr. Stow, and Mr. Dunning.

After the above Cause was ended, the Court proceeded on the Trial of Mr. Wilkes for printing a Book intitled, "An Essay on Women;" when the Jury, after about an Hour's Deliberation, brought him in Guilty on that Indictment also.

Sentence on both Verdicts is to be given the first Day of next Term.

One of the Copies of the Essay on Woman was handed to the Jury, who tried the second Cause. The Persons who were taking down Minutes of the Trial, were ordered by the Court to desist, they deeming the Expressions in the Essay on Woman improper to be made public.

We are told that Mr. Penn's Estate in Pennsylvania, has been made to appear, from Accounts long carefully kept up, but lately discovered by Accident, notwithstanding the slow Improvement of that Colony, till within the last 30 Years, to be worth at present, at a low Valuation, above Ten Millions Sterling, and will soon amount to much more. The procuring such Grants as these, was surely *surprendre le Roi* (as the French say) to a great Degree.

PROVIDENCE, April 14.
Extract of a Letter from a Gentleman at Montreal, to another in this Town, dated March 14, 1764.

"The Indian War has occasioned almost a total Stagnation of Business in this Quarter, and Cash is much scarcer here than in the Maritime Province.

We are going to raise a Regiment of Canadians, to be commanded by their own Officers, to be sent against the Indians, which must take off all hope of Assistance or Dependence on the French.

BOSTON, April 15.

Numbers of Persons are daily coming in to Town, as also to the Hospitals at Pont Shirley and Castle William, to receive the Small-Pox by Inoculation: Besides those who come from the neighbouring Towns, there are several from the Province of New-Hampshire, the Colonies of Connecticut, and Rhode Island. It is judged that between 3 and 4000 Persons have gone safely through that Distemper, in the Time since Liberty was granted for Inoculation, which is five Weeks; and it is observable that there has been little or no Infection from those who have had this Disease; we cannot learn that there has been twenty Persons taken down in the natural Way in the above

Time, notwithstanding that there are several Hundred Children in this Town who are exposed thereto, by the Scruples the Parents or Guardians of them have as to the Lawfulness of the Practice: It has been generally allowed, that only one in a thousand have died in the present Method in Hospitals, but in Town, it is said one in about 200 have failed, the most of them Infants: This Difference is easily accounted for; in Hospitals only those who are prepared, and are fit Subjects, will be accepted; whereas in a large Town, the Families are inoculated indiscriminately, many of whom are unfit Subjects; this is done partly through the Impatience of People who would not wait the necessary Preparation, lest they should take it the common Way; and partly from the Importunity of Parents prevailing with the Physicians against their Judgment and Advice to inoculate weak Children, labouring under other Disorders, because the Parents could not immediately remove them out of the Way of the Distemper, and thought they would at least stand a better Chance by being inoculated, than in taking the Infection, as they would probably do, in the common Way. The Physicians were also suddenly oppressed with the great Hurry of Business, which so hastily and general Inoculation occasioned, and probably many of them could not so particularly attend to the circumstances of the Patients offered for Inoculation.

Tuesday the 3d Instant in the Morning was remarkably cloudy dark Weather, with Rain, Thunder and Lightning, not only here, but as far as New-York. At Walpole a Flash of Lightning came down the Chimney of the House of Mr. Joseph Gay, and tore the Summer under the Hearth to Splinters, and a Dog that lay in the Corner was killed: Five Persons who were sitting in the Room were struck speechless, but are since recovered, the Chair whereon one of them sat was shivered to Pieces: The Explosion was so violent that it shook every Window in the House to Pieces.

We hear from New-Haven, that some Days ago, immediately after Breakfast, between 60 and 70 of the Students of Yale College were suddenly taken ill of some unknown Disorder, supposed to be from Poison in their Food; whether from Accident or Design of some villainous Person, Time perhaps will discover. By the Care of Physicians most of them are almost recovered, but some are still in a precarious State.

NEW-YORK, April 23.

By an Express which arrived here on Friday last from Albany, we have the following authenticated Accounts respecting the farther Success of our Indian Detachments against the Enemy Indians, viz. "That in the Evening of the 15th of April Instant, an Indian Express came with a Letter to Sir WILLIAM JOHNSON, at Johnson-Hall, acquainting him, That Capt. Montour, after passing several Creeks and Rivers, which were very high and difficult at this Season, arrived with his Party, consisting of 140 Indians, with some Rangers, the Beginning of this Month, at the Cayuga Branch of the Susquehanna River, which the Enemy had abandoned with the utmost Precipitation; that they had destroyed two large Towns, of well-built square Log-Houses with Chimnies, and a large Quantity of Indian Corn, and other Provisions; several new Saddles, Kettles, some Arms, Axes, &c. which they had probably taken from the Inhabitants. After this, Montour proceeded to the large Town of Kiashtio, containing 60 good Houses, which he likewise burnt; and there, as well as at the other Towns, killed a Number of Cattle, which could not be brought off; and sent Parties in Pursuit of the Enemy, who have fled to the Southward, whilst with the few remaining, he destroyed four other Villages of the Enemy, on the Branches of the Susquehanna. And as the Senecas will now join with the Five Nations (since they have entered into a Peace with Sir William, and made large Concessions, for the Performance of which they have left several Hostages) there is great Reason to think, our Enemies will be overtaken, and justly chastised for their Defection."

It was never before known, that the UNITED NATIONS were so unanimous, and hearty, in our Cause.—They have All, to a Man, taken up the Hatchet

matchet against all His Majesty's Enemies, and are ready to use it whenever call'd upon.

It is without Doubt, That Sir WILLIAM JOHNSON, in June next, goes to NIAGARA, in order to compleat a firm Peace with the Senecas, and the Western Indians; which when concluded, cannot but leave Us in general throughout the Province, (as well as some neighbouring Provinces) in quiet Possession of Ours and Their Lives and PROPERTIES; of which many have dreaded the Certainty.

His Honour Sir WILLIAM, we are credibly told, is likely farther to reduce the Pride and Insolence of the Delawares and Shawanese; the Indians which he has now engaged against them, being determined to—shake them by the Head,—alias, to bring them to REASON.

He is still further prodigiously worried (in the Service of his Superintendanthip, and Good of the Country) in being surrounded for Twenty Two Days on the 12th Instant, by 468 of the Six NATIONS. They went off soon after, extremely well satisfied, in being answered in near One Thousand of their Demands and Wants: And we dare affirm, That there is scarce an Individual (except those around him) who can conceive our Superintendent's Situation.

Yesterday sailed from Sandy-Hook, the Venus Transport, for England, and the Sardine Sloop of War for Philadelphia.

We hear from Elizabeth Town, that on Monday last Alderman Stites, of that Place, a Gentleman generally esteemed, being about to straighten a Road, of which he was Overseer, by the Removal of a Fence, belonging to one Sears, which was an Encroachment upon it—Sears having before heard of his Design, declared (if he attempted it) he would shoot him, and accordingly loaded his Gun with Powder and Shot. When Mr. Stites, with his Labourers on the High-way, approached the Fence, he saw Sears with his Gun, and asked him where he was going with it.—He replied, *I will tell you, damn ye*; and immediately fired at him, lodging the Shot in his Side and Belly. Sears was, after some Resistance, secured, and confined in Goal. It is thought Mr. Stites cannot recover, tho' it is not certain whether the Shot have penetrated his Bowels; several have been extracted, but he had a high Fever, and was in exquisite Pain, tho' still alive, Yesterday Morning.

PHILADELPHIA, April 26. We hear that the Indians, who have, for some Time past, been under the Protection of the King's Troops in the Barracks of this City, are, by the particular Advice of General Gage, Commander in Chief of His Majesty's Forces in North-America, to be detained for some Time longer in this Province, as a Measure, in the present Circumstances of Affairs, the most conducive to the Welfare of the Province, and His Majesty's Interest.

On Tuesday, last Week, which was a very windy Day, a new large Brick Dwelling-House, belonging to Mr. Samuel Snowden, near Snowden's Iron-Works, took Fire, by means of some Sparks from the Chimney calling on the Roof, and was burnt to the Ground; but the chief Part of the Furniture was saved.

The Day before, the Dwelling-House of Mr. John Wilson, in Prince-George's County, a little Distance from Bellair, took Fire accidentally, and was burnt to the Ground, with all the Furniture, except Two Beds.

SCHEME of a LOTTERY, For the Use of Talbot County School.

THERE being a Necessity for making considerable Repairs to the Buildings of this School, and also some Addition thereto for the Master's Convenience, and the Funds appropriated to it's Use being already charged with a heavy Debt: The Visitors, unprovided with any other Means, take Leave to propose the Method of Lottery, to raise the Sum of Three Hundred and Sixty Pounds, for answering the Purpose abovementioned. This School, thro' the Abilities and extraordinary Assiduity of the present Master, has for many Years, even under great Disadvantages, been look'd upon as perhaps the best and most frequented in the Province: And should this Scheme succeed, and the Buildings be render'd more commodious, by having the School-Room enlarged, and the upper Chambers well fitted for the Reception of Boarders, it might soon become still more extensively useful than it has hitherto been.

INSTRUCTION, or Right Education, is universally confes'd to be one of the greatest Advantages in Life. It is the best and truest Improvement of our rational Faculties; and those useful Arts and Sciences, by which the Condition of Mankind has been rendered more happy and commodious, are, in a great Measure owing to it. It purges off the Dross of Slavery and Superstition, and bears a friendly Aspect on Liberty, and the social Interests of Mankind.

SOLICITOUS to secure this noble Advantage, and situated, entirely, by Sentiments of Tendernefs and Regard for the rising Generation, the Visitors flatter themselves that every Lover of his Country, and Friend of Mankind, will warmly promote a Lottery so laudable in it's Intention, and countenance, with his Favour and Indulgence, THIS NURSERY of SCHOOL-LEARNING.

THE SCHEME:

THIS Scheme is apparently more promising to the Adventurer, than any hitherto offer'd; there being not many more Blanks than Prizes, and the Deduction only 15 per Cent: And as the Visitors have been much encouraged to propose this Lottery, they have Reason to hope it will speedily be drawn.

The Reverend John Gordon, Messieurs Jacob Hindman, Matthew Tilghman, Jonathan Nicols, and Henry Hallyday, Visitors; Col. Thomas Chamberlaine, Mr. James Lloyd Chamberlaine, and Mr. William Nicols; who are appointed MANAGERS, will give Bond and be on Oath for the faithful Execution of this Trust.

The Drawing to begin as soon as the Tickets are sold, at Talbot Court-House, in the Presence of a Majority of the Managers, and such of the Adventurers as chuse to attend, of which the Public shall have timely Notice in the Maryland Gazette, and a List of the Prizes shall also be published immediately after the Drawing.

All Prizes not demanded within Six Months after Publication, will be deemed a generous Benevolence to the School, and applied accordingly.

Tickets may be had of any of the Managers. All Kinds of Money now in Circulation will be received for Tickets, and paid in Discharge of the Prizes.

And regarding tenderly the Interest of the Inhabitants, most of which are in necessitous Circumstances; and further encouraged by the Regard paid to Lotteries in general, less landable in their Intention than the following: They have thought proper to propose the Method (to avoid if possible an Assessment) by Way of Lottery, for Raising a Sum of Two Hundred and Twenty-five Pounds Current Money for the Purpose abovementioned.

The MARYLAND AZETTE.

[XXth Year.]

THURSDAY, May 10, 1764.

[Nº. 992.]

L O N D O N, February 11.

WE hear that the whole Crew of a Ship, lately arrived from Jamaica, have been poisoned by a black Woman-Cook they had on board, who after she had committed it, threw herself into the Sea, and was drowned. They are all dead, except the Captain and two Men, who are very bad.

Feb. 14. We hear that the Pumps of the Yacht, in which her Royal Highness the Princess of Brunswick failed, were obliged to be kept going to the Time of her landing at Helvoetsloot.

Four new Ships, of 74 Guns each, are ordered to be laid on the Stocks at Brest; and that they may be got ready for Sea, with the greater Expedition, an additional Number of Hands is ordered to be employed on them.

Two Millions of Livres, in Money and Bills of Exchange, are arrived at Genoa from Vienna, destined to discharge the Loan which was procured there for the Empress Queen, during the last War.

Feb. 16. The House of Commons sat till Seven o'Clock Yesterday Morning. The Speaker was 20 Hours in the Chair, which was the longest Sitting, by three Hours, that is remembered to have happened. No Strangers were suffered to remain in the House.

We can assure the Public, that Mr. Beardmore has given Notice of Trial, in the Action which he has brought against the King's Messengers, for breaking into his House, and inspecting his, and his Clients Books, Papers and Writings, and that the Trial will come on before the Right Hon. Lord Chief Justice PRATT, at the Adjournment of the Sittings, some Day next Week.

It is now said that Nine Thousand Seamen, and Marines, will be taken into the Service of the current Year.

It is said an entire Stop is going to be put to the Exportation of Corn from these Kingdoms for Twelve Months; it having been computed, that the Loss in this Article alone, through the excessive Moistness of the Season, already exceeds 200,000 l.

The Utrecht Gazette, in an Article from Paris, says, We learn from Dublin, that Ireland is become, in regard to our Kingdom, and those of Spain and Portugal, what Egypt formerly was to the Number of States situate along the Coasts of the Mediterranean, and what Sicily is at present to Italy; for it exported Corn into those three Kingdoms, in the Year 1763, to the Amount of 2,700,000 Livres, 120,000 l. Sterling.

Public Prayers are ordered throughout the Austrian Netherlands, to be offered up in all their Churches, to deprecate Heaven for a Cessation of the heavy Rains which they have had of late.

Feb. 18. The House of Commons did not break up till between five and six o'Clock this Morning.

We hear that a Proclamation for a General Fast will soon be issued out to implore the Almighty for a Cessation of the heavy Rains and Inundations.

It is impossible to describe the deplorable Situation of the men in Lincolnshire; and this one Instance, among many that may be given, will give but a faint Idea of their wretched Condition: At Bourne, last Week, a Farmer who had a Farm in Deeping Fen, sold for Five Shillings only, a Stack of Hay of 140 Load, and a Stack of Oats which grew upon sixteen Acres of Land; so great is the Loss in Cattle.

Feb. 21. The Royal Charlotte and Mary Yachts are sitting up at Deptford, in order to carry over his Majesty to his German Dominions, which, it is said, he will visit some time in May next.

Two Spanish Men of War, arrived at Carthagena from Minorca, bring an Account, that while they were at Majorca were happened such a violent Hurricane, that near all the Merchants Ships that were in the Port perished, many of them were laden.

The Damage done at Oporto by Inundations and the excessive Rains, is computed to amount to 20,000 Moldores.

Some Letters from Paris say, that the King has declared he cannot now, nor hereafter, support the East-India Company.

They write from Silesia, that they are diligently recruiting the Troops in that Country; that they are repairing the fortifications of Schweidnitz, and other Towns, buying ordnance for the Military Service, and filling the Magazines.

Feb. 23. At a Court of Common-Council at Guildhall, London, the 21st of February, 1764.

Resolved, That the Thanks of this Court be presented to Robert Ladbroke, Esq. Sir Richard Glynn, Bart. William Beckford, Esq. and the Hon. Thomas Harley, Esq. the Representatives of this City, for their zealous and united Endeavours to assert the Rights and Liberties of the subject, by their laudable Attempt to obtain a reasonable parliamentary Declaration, "That a general Warrant for apprehending and seizing the Authors, Printers, and Publishers of a seditious Libel, together with their Papers, not warranted by Law." And to express to them our warmest Exhortations, that they steadily persevere in their duty to the Crown, and use their utmost Endeavours to secure the Houses, Papers, and Persons of the Subject from arbitrary and illegal Violations.

An infamous and seditious Libel having lately appeared in Print, intitled, "A Digest of the Rights and Privileges of the Imperial Crown of Great-Britain," the same is ordered to be burnt by the Common-Handman on Saturday next before Westminster-Hall Gate; and on Monday at the Royal Exchange; and the Sheriffs of London are to attend at the latter Place, to see the said Orders put into Execution.

It is rumoured about Town, that a Scheme is on Foot for

leasing out all the waste Lands of this Kingdom, belonging to the Crown; and that the same will soon be laid before an august Assembly.

It is said there is an Intention to propose a Bill for laying a general Stamp Duty throughout all our American Colonies; but it cannot be thought consistent with the Genius and Spirit of our happy Constitution, that any Sett of Men whatever, either at Home or Abroad, should be subject to be taxed, without Representatives to assent or dissent to such a Tax.

We hear that an Affair will come upon the Carpet in a few Days, that will make a great Noise in the World.

It is now computed that the Demands of Woollen Drapery, and other coarse English Manufactures in the Clothing Way, from Newfoundland and the Northern Provinces, exceed that of any preceding Year, on Account of the enlarged Number of the Inhabitants since the Peace, by Two Hundred Thousand Persons.

As an Instance of the Great Industry of the French in their Newfoundland Fisheries, we are informed, by Letters from thence, that 25,000 Quintals of Fish, caught in the American, or more properly the English Seas of Newfoundland, have been exported from France to the several Markets, in Spain only, since the first of July last.

We hear that to promote the Growth of Hemp in America, it is proposed to solicit a Bounty of 8l. per Ton for the first three Years, 6l. the next three Years, 4l. the next three, and 2l. for three Years more, by which Time it is thought the Manufacture will be able to support itself.

We hear that several Ships of War will shortly be put into Commission for a Cruise.

Soon after the Decision of Mr. Wilkes's Affairs on Tuesday last at Westminster, an Express was dispatched to that Gentleman at Paris.

Since the Verdicts of Yesterday against Mr. Wilkes, the Wagers now run Twelve to One, that that Gentleman does not return to England within these four Years.

Feb. 13. By a Gentleman from Thorney we are informed, that notwithstanding the greatest Assiduity used in strengthening and supporting the Bank from Guyhorn to Clow Cross, it is greatly feared that it cannot be made to resist the Impetuosity of the Waters in Wisbich and Thorney Fens much longer, in the lowest Parts of which the Water is now at least six Feet deep, and continues to rise; should the Wind blow strong at N. W. it will raise the Water at least two Feet higher against the said Bank, which must inevitably beat it down. If this Bank should blow up, it will lay more than 35,000 Acres of Land six Feet under Water. The Repairs of the above Bank have already cost upwards of 1000 l.

The Inundation caused by the Breach in the Bank between Cowbett and Handkerchief-hall, has laid all South Holland in the County of Lincoln, and Parts contiguous, containing at least 200,000 Acres of Land, more than four Feet under Water; the Loss sustained thereby cannot be less than 150,000 l. should the same become dry by Michaelmas next, which there is very little Probability of.

Feb. 20. They write from Paris, that the Seine has risen by the late Rains, one and twenty Feet above its usual height, and has overflowed its Banks in several Parts.

The River Tiber has lately overflowed its Banks, and done incredible Damage to the adjacent Countries, by laying them under Water.

Extract of a Letter from Ilfracombe, Jan. 27.

"The Weather has been for these two Months more tempestuous than the eldest Man here can remember. I have been an Inhabitant in and near this Place almost sixty Years, but cannot recollect any Gale of Wind to have been so great and variable as lately. Not less than thirty Sail have been lost, and every Man perished, on this Coast, and four more have shared the same Fate on the Welsh Shore. Our Boats are daily towing in something or other in Distress; and Yesterday when the Weather cleared up, one of them fortunately fell in with his Majesty's Sloop of War the Ranger, who four Days before had lost, off Cape Cornwall, her Foremast, Bowsprit, Main Topmast, and one Man, and was otherwise in such Distress, as nothing but the wonderful Interposition of Providence could have saved either Ship or Lives; for according to their Accounts, they had been four Days and four Nights close on certain Death, by being drove so near an iron-bound Lee Shore, as to have nothing left for their Preservation but the uncertain Dependence of Anchors and Cables, two of which they lost; and had they not providentially met with one of our Boats, which towed her in, she, in all human Probability, must, in the violent Storm that blew last Night, have parted from her only one, and before Morning been no more; but Thanks be to God, we have the great Pleasure of seeing her safe in this Port, and an Instance of the Mercies of the Almighty, without whose Permission not a Hair of Man shall perish."

On Saturday last night was found dead in her Bed (as supposed) thro' want of common Necessaries, Mrs. Emma Russell, Relict of — Russell, Esq. of Lincoln's Inn. She was Daughter of — Crawley, Esq. of the Kingdom of Ireland, and Grand-daughter to Lord Viscount Fitzwilliams of Merion, being a Cousin-german half removed to the late Lord of that Name, and very closely allied in Blood to many illustrious Personages of this Kingdom, but not half so ennobled by Birth as by conspicuous and heroic Virtue; she patiently receiving from the greater part of her Relations, a Denial of the very common Scraps a Beggar claims, and is usually thrown to the Dogs. She died neglected, without a second Sheet, a second Shift, a second Gown or Handkerchief, having pledged a Handkerchief a few Days before for one Shilling, of which Sum Five Half-pence remained. As she had lived many Years in extreme Poverty, preserving still the Gentlewoman, so she died in the 77th Year of her Age, respected by God's special Friends, the Poor, and was buried by them at St. Pancras, in a decent Manner.

The West Country Barges have begun to work, the Floods having subsided in the Thames up the Country.

B O S T O N, April 23.

Last Thursday Night we had here a severe Storm of Wind and Rain, at which Time the Tide rose higher than has been known for several Years, and has done much Damage, by washing away large Quantities of Wood and Lumber from off the Wharffs, and entering the lower Part of divers Stores, and destroying Sugar, Salt, and Flour, and other Things, to a considerable Value.

We hear that great Damage has also been done by the above Storm in several of the neighbouring Sea Port Towns, particularly at Plymouth, where it is said the Loss sustained thereby amounts to between 3 and 4000 l. Sterling.

Extract of a Letter from Charlestown, in S. Carolina, March 20.

"The Creek Indians having suspended Hostilities, many People flatter themselves, that the Measures taken in that Affair have had the desired Effect, and that those Indians begin to be sensible of their Folly in quarrelling with their best Friends."

N E W - Y O R K, April 30.

On Tuesday Night last arrived an Express to his Excellency General Gage, with Advices from Detroit, the Particulars of which have not yet been communicated. — We learn from private Hands, that on the 25th of last Month, the Indians, posted near Detroit, had suddenly destroyed their Huts, removed their Women, Children and Effects, called their Warriors together, some say to the Number of 2000, and were marched off; that their Rout and Designs were unknown, some supposed they were gone to the carrying-Place at Niagara, to cut off our Communication, others that they intended to besiege Detroit, which is well provided with all Necessaries for its Defence, and therefore is in no immediate Danger.

We hear from Elizabeth Town, that Alderman Stites was still alive Wednesday Morning last, many Shot had been extracted, and there were some Hopes of his Recovery.

P H I L A D E L P H I A, May 3.

Extract of a Letter from Stanton, in Augusta County, Virginia, March 30, 1764.

"The People of these Parts are very much alarmed at some late Incurfions of the Indians in the Western Part of this County. On the 20th Instant a Number of them came to the House of one David Cloyd (a wealthy Planter, living on some of the Waters of James River, not far from Looney's Ferry) and killed one of his Sons, tomahawked his Wife, plundered his House, and took away above Seven Hundred Pounds in Cash, besides sundry valuable Effects. Mrs. Cloyd, notwithstanding she is an ancient Woman, and was very much hacked and mangled, is recovered, and says, the Number of Indians was ten. Mr. Cloyd, and one of his Sons, were then in this Town, it being Court Time, and most of the Family from home. It is remarkable, that this House is a good Way within the Settlements, and yet the Enemy found Means to convey themselves undiscovered. But it is said that some other Families are missing, which it is supposed they carried off in their Return."

P. S. Just as I had finished writing this Account, there came Advice, that a Party of Whitemen pursued and came up with some of the Indians, killed one of them, and recovered One Hundred and Fifty Pounds of the Cash, all the heavy Baggage, and four Negroes, whom they had Prisoners."

In another Letter from the same Place, dated the 18th of April, it is said, that on the Saturday before, a Woman, and three Children, were carried off by the Enemy from the Calf Pasture, about 25 Miles from Stanton, which is the nearest to that Town of any Damage done this or the last War.

By Letters from Carlisle, received since our last, we learn, that the Troops which went to escort a Quantity of Provisions to Fort Pitt, were returned, having accomplished that Service, without seeing an Indian, either going or coming back: That the Garrison of that Place were all in good Health, and high Spirits, being well provided with all Necessaries, and not under any Apprehensions from the Savages: But that on the 21st ult. in the Afternoon, one John McLelland, who had formerly lived at Juniata, and being then there, discovered a Party of Indians, which he reckoned to be not less than Thirty, and saw two or three of them lay down their Budgets, designing, as he apprehended, to pursue him, upon which he made the best of his Way off, and escaped: And that there

there were three other Men out in these Parts, who saw the Tracks of the Enemy, supposed them to be about Forty, and seemed to be directing their Course towards Carlisle.—That upon this Information Colonel Armstrong ordered Captain Lindsay, with a strong Party, to range in the Valleys, and endeavour to fall in with the Indians, while other Parties were employed in ranging along the Foot of the Mountain; so that it was thought scarcely probable the Savages could get in among the Inhabitants, without meeting with our Men: But that many of the People, however, near the Foot of the Mountain, had moved lower down; and that the Distress and Confusion this Party occasioned on the Frontiers, at this Season, was very great, as they were about putting in their Spring Crops.

AFTER the Breaking up of the Store in this Place, which belonged to Messieurs JAMES TODD and COMPANY, all Persons indebted to the said Company, were desired to discharge their Debts, or settle by Bond; but as most of them have paid little Regard to the Notice given them there, and some have been so unreasonable as to refuse to give their Bonds, notwithstanding this Manner of Settlement was proposed with a View of making Payments more easy, by waiting till such Time as they could get their Tobacco ready, or more conveniently raise the Money: I must now inform these People, that they need not expect any further Indulgence, for he who assisted for some Time in that Store (and who is now empowered to collect the Debts due to the Company) has Orders to commence Suits against such as will not settle to his Satisfaction, and to have Recourse to Means of Compulsion, when those of Mildness will not answer.

NEW-YORK, May 7.

On Monday last the whole Body of New-Jersey Provincials, raised for the present Expedition against the Indians, arrived here, on board several Vessels, and the same Day sailed for Albany.

Our last authentic Intelligence from Albany, dated April the 22d, will, we hope, be very pleasing to our Readers.

Two Days ago, Capt. Monro arrived with some of his Party at Johnson-Hall, bringing the Scalp, and taken some Time since. The Indian, killed, was a Head Warrior, Regular to the Squash-Country, a Chief of the Delawares. Capt. Monro brought with him likewise, a Red named Emanuel Steen, of Burlington, New-Jersey, taken last Year at Wyoming, with 6 others, by the Delawares; and a Delaware who went to Johnson-Hall, on the 20th Instant, under some specious Pretences, was, on Discovery of his Villainies, apprehended. The 3 Nations (except those in

Pursuit of the Enemy) are returned home, to be in Readiness for employing the Troops.

The Public may confide in the following Report now in Town, viz. That by the Articles of Peace agreed on by the Five Nations, and Sir William Johnson, they are to cede to his Majesty, all the Country from Niagara to above the Great Falls, on both Sides of the River; being a Tract of 15 or 20 Miles in Length, and several in Breadth; very advantageous Concessions, equally interesting to the Public.

In the Course of the last Sitting of the General Assembly of this Colony, the Committee of Correspondence with our Agent at the Court of Great-Britain, laid before the House two Letters from him; the one dated 26th November 1763, mentioning, That the Sum of £. 133,333 6 3 4 had been granted to the Northern Colonies for the Services of the Year 1762, was likely soon to issue; it was Ordered, That a Bill be brought in to appoint proper Persons to receive the Proportion of it, which was accordingly done. The other Letter dated 10th February 1764, advising that, "Upon

Complaints of divers Merchants trading to Virginia, That they were injured in their Property by Means of a Paper Currency issued in that Colony, the Lords Committee for Trade and Plantations seemed determined to adopt the Plan of the Act passed in the 24th of the late King, for regulating and restraining the Paper Currencies of New-England; and to propose that the same should be extended over all the other Colonies in America; it was Resolved by the House, That if that Plan should be carried into Execution, it would not only highly reflect on the Credit, Honour, and Punctuality of this Colony, but also reduce it to a State of Bankruptcy, as by the Want of a proper Medium of Gold and Silver, it would be incapacitated to carry any publick and necessary Measure into Execution, unless a Paper Currency be permitted to be issued on solid Funds, and that such Currency be allowed as a proper Tender in all Payments within the same. After which it was Ordered, That the Committee draw up a proper State of the Paper Currency of this Colony, with all Speed; and transmit it to the Agent; distinguishing therein particularly for what Purposes the same hath from time to time been emitted; on what Funds; and shewing, that all possible Care is taken for sinking it at the proper periods; and that therefore it would be highly unjust, after this Colony has incurred itself in an enormous Expence at the Requisition of the Crown, in a just and necessary War against the common Enemy, and hath always supported its Honour and Credit with great Punctuality (may granted a Loan of One Hundred and Fifty Thousand Pounds when his Majesty's Service required it) to involve it in the Evils imposed on others. It was likewise Ordered, that the Committee direct the Agent to give all possible Opposition by himself, or Council, against any Bill being passed into a Law that may be brought into Parliament, for adopting the Plan aforesaid.

The Day after the foregoing Procedure, Alderman Livingston, in Behalf of the Merchants of this City, presented the Copy of a Memorial drawn up by the said Merchants, in order to be presented to the Parliament of Great-Britain; the Purport of which is, complaining of the Hardships the Trade of this Colony labours under, by Reason of the Statute of the 6th of his late Majesty George II. commonly called The Sugar Act, and praying Relief in the Premises. The House approved of it; and Resolved, Nem. Con. to pay all Expenses attending our Agent's utmost Opposition to the Renewal or Continuation of the said Act.

Some of our Advices by the Packet are, that a Scheme of Taxation of the American Colonies has for some Time been in Agitation: That it had been previously debated in the Parliament, whether they had Power to lay such a Tax on Colonies which had no Representatives in Parliament, and determined in the Affirmative: That on the Ninth of March Mr. made a long Harangue on the melancholy State of the Nation, overloaded with heavy Taxes, and a Debt of 125 Millions, 50 Millions of which had arisen in the four last Years: That by a Composition, which he laid before the House, 160,000 l. Sterling per Annum was expended on North-America, and therefore it was but reasonable they should support the Troops sent out for their Defence, and all the other Expence of the Nation on their Account. To raise this Sum, he proposed that the Drawbacks on Re-exportation of particular Goods should be discontinued; That a Duty should be laid on East-India Goods, a Duty of 7 l. Sterling per Ton on all Wines from Madeira, the Western and Canary Isles; a Duty of 3 d. per Gallon on foreign Brandy, of 10 s. per Hundred on Sugar; a high Duty on Coffee, Cocoa, &c. and that Rum should be wholly prohibited: That Wines from Spain, Portugal, &c. should be first landed in England, before it might be sent to America, (which seems to make it liable to a double Duty). Besides this, an internal Tax was proposed, a Stamp Duty, &c. but many Members warmly opposing it, this was deferred till next Session; but it was found that the Tax upon foreign Goods would raise a Law this Session. That these Colonies are under great Disadvantage, in not having sufficient Interest in Parliament, from the Want of which, the West-Indians have been able to carry on their private Trade. That Mr. Jackson, Agent for Connecticut, (a Member of the House) exerted himself valiantly, and that it was chiefly owing to him that the Sugar Act did not take Place; likewise, That Mr. Allen of Philadelphia, was industrious, in representing to many of the Members, with whom he was acquainted, on the Illegality of an internal Tax, and had considerable Success in preventing it.

FORT PITT, April 16, 1764.

Extracts from the Examination of Jeremiah Hicks, (a White Man) lately with the Indians, who came in here the 12th Inst. as a Spy, taken at several different Times.

THAT an English Army was expected by the Indians down the Ohio this Spring. That

he left Hockhocking about 30 Days ago, in Company with 7 Delaware Indians, to go to War on the Frontiers. That they came in upon Shearman's Valley, murdered and scalped one James and his Wife, and took two little Boys, their Children, Prisoners. That they came with the Children within a few Miles of this Post, when he was desired to come in here, under Pretence he had made his Escape from the Indians, and to enquire into the Strength of the Fort, Ammunition, Provisions, &c. what Guards were out each Day, and to return to them in two Nights; and that if he met with any Indians, not to let them know any thing till he got to King Beaver. That the Night they came here a Party of 8 Shawanese came to their Sleeping Place, and had two Scalps, which they got between Ligonier and Bedford. That there were three Parties of Indians from the Salt Licks, Hockhocking, and Wackanomochoy, consisting of 9, 10, and 15; and one Party of 20, from Scioto, to set off for this Fort a few Days after him, and that he does believe they are about this Fort now. That about the latter End of this Month 40 Wyandots, and 100 Ottowaws, were to set out for this Post; that their Parties were to Way-lay the Communication. That in May the Wyandots, Ottowaws, Delawares and Shawanese, in all about 800, were to come and attack this Post, and to keep all in a Body; and should they fail here, to proceed and attack Ligonier and Bedford, which were not so strong as this. That last Winter two Delaware Chiefs, and White Eyes with them, went down to the large French Stone Fort, on the Mississippi, and took three English Scalps, and asked Assistance from the French to carry on the War against us. That they found both French and English in the Fort. That the Commanding Officer, a Frenchman, would not hear them, and ordered the Scalps to be thrown out of Doors; and gave them some Flint and Powder, and ordered them to return: But that they went to some French People, called Out-laying French, that live along the Mississippi, and are great Traders with the Indians for Ammunition, &c. one of which had 4 or 500 Barrels of Powder, and Lead in Proportion. That White Eyes purchased of him nine Horse Loads; but in returning, thro' the Badness of the Weather, they lost great Part of it. And that they entered into an Agreement with three Traders, to send up to Scioto, before the First of May, 12 Barrelets of Powder, Lead, &c. and that they would send their Canoes, loaded with Provisions, to meet them, and that he is of Opinion they are there by this time. And that about the latter Part of the Summer, they are to send the Indians 12 Barrelets more. And they are to pay them with the Skins and Furs taken from our Traders in their Towns. But should this fail (which he thinks not at all probable) they will attack us with Bows and Arrows. And that the first Barrelets were to furnish the Indians with two Frenchmen as Guides. That White Eyes visited some Indians on the Mississippi, from whom he asked Assistance against the English, to which they consented, saying, the White Men should not live on the Mississippi; that they would join in Bodies, and lay on all the narrow Passages on the River, and attack our Boats and Troops as they passed. That these Indians are very numerous, known by the Names of Catahogs, Cawetoes, Warhaws, and another Nation, which he does not remember. That the Wyandots, Ottowaws, Delawares and Shawanese, with their Chiefs, intended to come here, under Pretence for a Peace, to watch an Opportunity to get into the Fort, and murder every Soul. But if they miscarried, they would fight their Way to the Lakes, from thence to the Mississippi, and join the above Tribes. And finally, that they sent Deputies to the Six Nations to join, who treated them with Contempt, told them to fight for themselves, and called them Women; which so much disgusted them, that they themselves determined to go to War against them.

NEW-YORK, May 7.

On Monday last the whole Body of New-Jersey Provincials, raised for the present Expedition against the Indians, arrived here, on board several Vessels, and the same Day sailed for Albany.

Our last authenticated Intelligence from Albany, dated April the 23d, will, we hope, be very pleasing to our Readers. Two Days ago, Capt. Montour arrived with some of his Party at Johnson-Hall, brought the Scalp, &c. taken some Time since. The Indian scalped, was a Head Warrior, nephew to the Squash-Cutter, a Chief of the Delawares. Capt. Montour brought with him likewise, a Lad named Emanuel Stover, of Rariton, New-Jersey, taken last Year at Wyoming, with 6 others, by the Delawares; and a Delaware who went to Johnson-Hall, on the 20th Instant, under some specious Pretences, was, on Discovery of his Villainies, apprehended. The 5 Nations (except those in

Pursuit of the Enemy) are returned Home, to be in Readiness for accompanying the Troops.

The Public may confide in the following Report now in Town, viz. That by the Articles of Peace agreed on by the Five Nations, and Sir William Johnson, they are to cede to his Majesty, all the Country from Niagara to above the Great Falls, on both Sides of the River; being a Tract of 15 or 16 Miles in Length, and several in Breadth; very advantageous Concessions, equally interesting to the Public.

In the Course of the last Sitting of the General-Assembly of this Colony, the Committee of Correspondence with our Agent at the Court of Great-Britain, laid before the House two Letters from Him; the one dated 26th November 1763, mentioning, That the Sum of £. 133,333 : 6 : 8 Sterl. granted to the Northern Colonies for the Services of the Year 1762, was likely soon to issue; it was Ordered That a Bill be brought in to appoint proper Persons to receive our Proposition of it, which was accordingly done. The other Letter dated 10th February 1764, advising that, "Upon

"Complaints of divers Merchants trading to Virginia, That they were injured in their Property by Means of a Paper Currency issued in that Colony, the Lord Commissioners for Trade and Plantations seemed determined to adopt the Plan of the Act passed in the 24th of the late King, for regulating and restraining the Paper Currencies of New-England; and to propose that the same should be extended over all the other Colonies in America;" it was Resolved by the House, That if that Plan should be carried into Execution, it would not only highly reflect on the Credit, Honour, and Punctuality of this Colony, but also reduce it to a State of Bankruptcy, as by the Want of a proper Medium of Gold and Silver, it would be incapacitated to carry any publick and necessary Measure into Execution, unless a Paper Currency be permitted to be issued on solid Funds, and that such Currency be allowed as a proper Tender in all Payments within the same. After which it was Ordered, That the Committee draw up a proper State of the Paper Currency of this Colony, with all Speed; and transmit it to the Agent; distinguishing therein particularly for what Purposes the same hath from time to time been emitted; on what Funds; and shewing, that all possible Care is taken for sinking it at the proper periods; and that therefore it would be highly unjust, after this Colony has involved itself in an enormous Expence at the Requisition of the Crown, in a just and necessary War against the common Enemy, and hath always supported its Honour and Credit with great Punctuality (nay granted a Loan of One Hundred and Fifty Thousand Pounds when His Majesty's Service required it) to involve it in the Evils imputed to others. It was likewise Ordered, that the Committee direct the Agent to give all possible Opposition by himself, or Council, against any Bill being passed into a Law that may be brought into Parliament, for adopting the Plan aforesaid.

The Day after the foregoing Procedure, Alderman Livingston, in Behalf of the Merchants of this City, presented the Copy of a Memorial drawn up by the said Merchants, in order to be presented to the Parliament of Great-Britain; the Purport of which is, complaining of the Hardships the Trade of this Colony labours under, by Reason of the Statute of the 6th of his late Majesty George II. commonly called The Sugar Act, and praying Relief in the Premises. The House approved of it; and Resolved, Nem. Con. to pay all Expenses attending our Agent's utmost Opposition to the Renewal or Continuation of the said Act.

Some of our Advices by the Packet are, that a Scheme of Taxation of the American Colonies has for some Time been in Agitation: That it had been previously debated in the Parliament, whether they had Power to lay such a Tax on Colonies which had no Representatives in Parliament, and determined in the Affirmative: That on the Ninth of March Mr. — made a long Harangue on the melancholy State of the Nation, overloaded with heavy Taxes, and a Debt of 146 Millions, 52 Millions of which had arisen in the four last Years: That by a Computation, which he laid before the House, 360,000 l. Sterling per Annum was expended on North-America, and therefore it was but reasonable they should support the Troops sent out for their Defence, and all the other Expence of the Nation on their Account. To raise this Sum, he proposed that the Drawbacks on Re-exportation of particular Goods should be discontinued: That a Duty should be laid on East-India Goods, a Duty of 7 l. Sterling per Ton on all Wines from Madeira, the Western and Canary Isles; a Duty of 3 d. per Gallon on foreign Molasses, of 10 s. per Hundred on Sugars; a high Duty on Coffee, Cocoa, &c. and that Rum should be wholly prohibited: That Wines from Spain, Portugal, &c. should be first landed in England, before it might be sent to America, [which seems to make it liable to a double Duty]. Besides this, an internal Tax was proposed, a Stamp Duty, &c. but many Members warmly opposing it, this was deferred till next Session; but it was stated that the Tax upon foreign Goods would pass into a Law this Session. That these Colonies are under great Disadvantages, in not having sufficient Interest in Parliament; from the Want of which, the West-Indians have been able to carry any Point against them. That Mr. Jackson, Agent for Connecticut, (a Member of the House) exerted himself nobly, and that it was chiefly owing to him that the Stamp Act did not take Place; likewise, That Mr. Allen of Philadelphia, was indefatigable, in remonstrating to many of the Members, with whom he was acquainted, on the illegality of an internal Tax, and had considerable Influence in preventing it.

FORT PITT, April 16, 1764.

Extra: from the Examination of Gerbom Hicks, (a White Man) lately with the Indians, who came in here the 14th Inst. as a Spy, taken at several different times.

THAT an English Army was expected by the Indians down the Ohio this Spring. That he left Hockhocking about 30 Days ago, in Company with 7 Delaware Indians, to go to War on the Frontiers. That they came in upon Shearman's Valley, murdered and scalped one James and his Wife, and took two little Boys, their Children, Prisoners. That they came with the Children within a few Miles of this Post, when he was desired to come in here, under Pretence he had made his Escape from the Indians, and to enquire into the Strength of the Fort, Ammunition, Provisions, &c. what Guards were out each Day, and to return to them in two Nights; and that if he met with any Indians, not to let them know any thing till he got to King Beaver. That last Winter two Delaware Chiefs, and White Eyes with them, went down to the large French Stone Fort, on the Mississippi, and took three English Scalps, and asked Assistance from the French to carry on the War against us. That they found both French and English in the Fort. That the Commanding Officer, a Frenchman, would not hear them, and ordered the Scalps to be thrown out of Doors; and gave them some Flints and Powder, and ordered them to return: But that they went to some French People, called Out-laying French, that live along the Mississippi, and are great Traders with the Indians for Ammunition, &c. one of which had 4 or 500 Barrels of Powder, and Lead in Proportion. That White Eyes purchased of him nine Horse Loads; but in returning, thro' the Badness of the Weather, they lost great Part of it. And that they entered into an Agreement with three Traders, to fend up to Sciota, before the First of May, 12 Batteaux of Powder, Lead, &c. and that they would fend their Canoes, loaded with Provisions, to meet them, and that he is of Opinion they are there by this time. And that about the latter Part of the Summer, they are to fend the Indians 12 Batteaux more. And they are to pay them with the Skins and Furs taken from our Traders in their Towns. But should this fail (which he thinks not at all probable) they will attack us with Bows and Arrows. And that the first Batteaux were to fend the Indians with two Frenchmen Gunsmen. That White Eyes visited some Indians on the Mississippi, from whom he asked Assistance against the English, to which they consented, saying, the White Men should not live on the Mississippi; that they would join in Bodies, and lay on all the narrow Passages on the River, and attack our Boats and Troops as they passed. That these Indians are very numerous, known by the Names of Cat-tahochs, Cawectochs, Warhases, and another Nation, which he does not remember. That the Wyandots, Ottoways, Delawares and Shawanese, with their Chiefs, intended to come here, under Pretence for a Peace, to watch an Opportunity to get into the Fort, and murder every Soul. But if they miscarried, they would fight their Way to the Lakes, from thence to the Mississippi, and join the above Tribes. And finally, that they sent Deputies to the Six Nations to join, who treated them with Contempt, told them to fight for themselves, and called them Women; which so much disgusted them, that they sometimes threatened to go to War against them.

Piscataway, March 29, 1764.

AFTER the Breaking up of the Store in this Place, which belonged to Messieurs JAMES TODD and COMPANY, all Persons indebted to the said Company, were desired to discharge their Debts, or settle by Bond; but as most of them have paid little Regard to the Notice given them there, and some have been so unreasonable as to refuse to give their Bonds, notwithstanding this Manner of Settlement was proposed with a View of making Payments more easy, by waiting till such Time as they could get their Tobacco ready, or more conveniently raise the Money: I must now inform these People, that they need not expect any further Indulgence, for he who assisted for some Time in that Store (and who is now impowered to collect the Debts due to the Company) has Orders to commence Suits against such as will not settle to his Satisfaction, and to have Recourse to Means of Compulsion, when those of Mildness will not answer.

Notice is also given, That the LOT in Piscataway, which belongs to the said Company, will be exposed to Public Sale on the First Tuesday in June, on which stands a very convenient Store-House, with a Compting-Room, a good Lumber House, a Stable, and a Kitchen. L O N D O N, March 12.

Each of our Colonies are in future to furnish their stipulated Quota annually, towards the Contingencies of the State, as well in Peace as War; and the future Victualling his Majesty's Ships of War on their respective Stations, and the Expenses of Pay and Cloathing for the Regiments in Garrison, to be defrayed by the Colonies, from a Part in the above Scheme.

March 13. The Merchants of London trading to North America, are earnestly desired to meet at the King's Arms Tavern, Cornhill, To-morrow at Twelve o'Clock, on Business of the utmost Importance.

March 13. The East-India Company have taken the Success, late the Britannia Privateer, into their Service; she is to carry 40 Carriage and Swivel Guns, is to be completely manned, and is to sail directly for the Malabar Coast, to cruise against the Pirates that have made several Prizes in those Seas.

Saturday at one o'Clock, Mr. Sheriff Harley, attended by the High Constable and High Bailiff of Westminster, and a Number of Constables, saw the Order of both Houses of Parliament put in Execution at the Gate of Westminster-hall, in burning a printed Treatise, entituled Droit le Roy; or the Rights and Privileges of the Crown of these Kingdoms. There were five Faggots of Wood set on Fire, and lighted with a Link by Jack-Ketch, on which it was laid, and soon burnt to Ashes, without the least Molestation.

A new French Man of War, of 92 Guns, called the City of Paris, a Present from that City to the King of France, was launched at Rochfort on the 18th inst. and Le Lionnois, another Ship of War, of 74 Guns, likewise a Present from the City of Lions, is also to be launched forthwith.

March 6. To the Honour of a great Personage in the Law, the Jury, on a late Trial, were told by him from the Bench, that, if they pleased to take it upon themselves, they were Judges as well of Law as Fact; and farther, that they were not answerable to any Power whatever for the Verdict they might bring in, but God and their Conscience.

On the 15th past were carried to Bré, near Paris, to be burnt alive, Fourteen Fellows, capitally convicted for poisoning the Cattle of that Canton.

The Lion, Faulkland, and Penzance Men of War, now at Chatham, are ordered to be fitted out, in order to go to the Island of Tobago, one of the Caribbee Islands, with Stores, &c. where they are to lie as Hulks for the Convenience of careening the Men of War stationed in those Seas.

March 10. Wednesday Sir Thomas Harrison, Chamberlain of London, waited on the Right Hon. B O S T O N, May 7.

We hear that Major Joseph Gorham is appointed Governor of Bermuda.

A Letter from London of good Authority says, that the Bill for a Stamp Duty in America, was postponed for a Year.

The London Papers mention, that the Dutch are assiduously augmenting their Marine, and will have a Fleet of 18 Sail of Men of War ready for Sea by the first of May.

NEW-YORK, May 14.

Since our last we have been favoured with the following further Matters of Fact, relating to Indian Affairs, from above, to wit; That Captain Johnson had returned to Johnson-hall about the First Instant, the Enemy having abandoned the whole Country near the Susquehannah, shortly after the first Loss they had sustained. Captain Montour, with 100 Indians, is gone for Niagara, in order to secure the Carrying-Place, and Vessels, from any Attempts of the Enemy, the Mississagies, and others, having lately threatened it; and the Loss of the Convoys at present, being of too much Importance not to be prevented.—The greatest Part of the Six Nations are only waiting the Motions of the Troops, in order to join them, and proceed on the Expedition.—Their Appearance with the Army will, it is reasonably supposed, awe any of the distant Nations who may have been disposed to renew the War.

Seneca Indians have delivered to Sir William, one Samuel Gwin, taken at Minisink last Fall by the Delawares, from whom he escaped to the Senecas. Also a Negro they call Tony, who formerly run away from Maryland, and has lived about 20 Years at an Indian Village on the Susquehannah; amongst which Indians he lately spread many malicious Falshoods, one among the rest being, that the English designed to destroy all the Nations in a short Time; on the News of which, Sir William sent for him; he was brought down Prisoner by the Indians, and is now on his Way to New-York.

PHILADELPHIA, May 17.

On Saturday last William Autenreith, John Williams, and John Benson, were carried from the Goal of this City to the Place of Execution, where the two first were executed, pursuant to their Sentence; but Benson was reprieved under the Gallows, Autenreith having cleared him of the Robbery for which he was convicted, by confessing that he alone robbed both Mr. Clifford's and Mrs. M'Call's Houses.—They all behaved as became Men in their unhappy Circumstances; but Benson, in particular, seemed to be prodigiously affected, not knowing any Thing of his Reprieve till the others were turned off, having gone through all the Solemnity of that dismal Scene, being blind-folded, tied up, as he imagined, and about to step into Eternity with them.—His Concern, it was thought, was the greater, as all along, we hear, he flattered himself with being saved, always declaring his Innocence of the Crime for which he was ordered to die; but his Behaviour in going to, and at the Tree, shewed that he had lost all Hopes of that Kind.

JOHN MILLER.

Piscataway, March 29, 1764.

AFTER the Breaking up of the Store in this Place, which belonged to Messieurs JAMES TODD and COMPANY, all Persons indebted to the said Company, were desired to discharge their Debts, or settle by Bond; but as most of them have paid little Regard to the Notice given them there, and some have been so unreasonable as to refuse to give their Bonds, notwithstanding this Manner of Settlement was proposed with a View of making Payments more easy, by waiting till such Time as they could get their Tobacco ready, or more conveniently raise the Money: I must now inform these People, that they need not expect any further Indulgence, for he who assisted for some Time in that Store (and who is now empowered to collect the Debts due to the Company) has Orders to commence Suits against such as will not settle to his Satisfaction, and to have Recourse to Means of Compulsion, when those of Mildness will not answer.

Notice is also given, That the LOT in Piscataway, which belongs to the said Company, will be exposed to Public Sale on the First Tuesday in June, on which stands a very convenient Store-House, with a Compting-Room, a good Lumber House, a Stable, and a Kitchen. [XXth Year.]

THURSDAY, May 31, 1764.

[N^o. 995.]

DUBLIN, March 6.

WE learn from Rochfort, that the Fortune Frigate is arrived there from Louisiana, having on board the Swift Battalion of Halwell. Which looks as if there was something in the Report of the French having ceded that Country to the Spaniards.

Belfast, March 2. Last Friday the City of Derry (a new Ship, on her first Voyage) belonging to Londonderry, and lately arrived at Larne from New-York, laden with Flax-seed, in turning out of the Harbour of Larne, missed her Stays, and ran ashore at the Harbour's Mouth, and beat to Pieces, and most of the Cargo lost, the Sea running so high for two Days after, that no Lighter could lie along-side of her, nor any Assistance given from Shore towards saving the Cargo. Captain M'Cleverty, of his Majesty's Ship the Hind, stationed at Larne, immediately sent a Party of Marines to guard such Part of the Cargo and Wreck as might be drove on Shore.

LONDON, March 13.

At the Election for a Member of Parliament for Chelmsford, last Month, there were 32 Books opened for taking the Poll, and it is said the Expence of the two Candidates has not been less than 40,000*l*.

It is said the late Earl of Hardwicke died worth upwards of 600,000*l*. in Money and Lands.

It is said that Preſs-warrants will shortly be issued out, in order to man the Fleets going to the East and West-Indies.

A Person of great Fortune at Havre de Grace, has proposed to buy up all Debts remaining due from the French King, on the Navy Account, whether for building Ships, flat-bottomed Boats, furnishing Provisions, Rigging, Sails, Hemp, &c. for which Purpose he some Time since deposited in the Hands of a Gentleman in Paris, two Millions of French Crowns.

We hear from Paris, that the Marquis de Montalembert has invented a Method of contriving common Chimneys into Stoves, without destroying their Use as Chimnies. They are so contrived, as to heat Eight Rooms by the same Fire if necessary, and may be used either as Stoves, or common Fire places, by only pulling a String resembling such as are fixed to Bells. A Memoir on this Subject was some Time since read before the Royal Academy at Paris.

Thirty Men out of each of the Guard-Ships at Chatham, are draughted off to go on board the Ships at Portsmouth, which are destined to carry the Forces to North-America.

Three Companies of Matrosses will speedily embark for the East-Indies, with a large Train of Artillery.

BOSTON, May 14.

Thursday Evening last being very dark, as Mr. Johnson, of Brookfield, was returning to his House from Westborough, he was attacked by two Fellows, who ordered him to deliver his Money, but giving one of them a Blow on his Hand with the But End of his Whip, got off clear. It is thought they knew of his having just received a Sum of Money for a Piece of Land he had been selling that Afternoon, and way-laid him.

We hear, that the Consideration of the Duties proposed to be laid on Goods imported into the Colonies, is postponed to the next Session of Parliament. The Merchants trading to America, having joined with the respective Agents, and greatly interested themselves in the above Affair.

NEW-YORK, May 21.

The following Extracts from the Detroit may be depended on as authentick, viz.

DETROIT, Jan. 4, 1764.

"A few of the Saggany Indians, that never yet took up Arms, have lately been here, and had Liberty to trade for Cloathing, &c. but had very little Peltry with them, not knowing whether they should obtain that Liberty or not. Flour is now bought here at 40 Livres per Cent, and Beef at 16 Sols, per lb. There is very little of either now taken into the King's Stores, having a Year's Provision of Flour in there long since, and still enough in the Country. Most of the French begin to dread that the next Blow from the Indians will be upon them in the Spring, and are therefore living upon, and disposing of many of their Cattle. Tho' we have not now any Trouble from the Indians, there are still Spies in the Settlement, who inform their worthy Fathers (a respectful Name

they give the French) that there are great Numbers of their dear Children assembled in all the Hunting Villages around: I imagine this is only a Scheme of the French, to keep us in the Fort."

DETROIT, Jan. 6, 1764.

"There is now such plenty of Provision, and Firewood in the Fort, that they refuse to take in any more: There has been 40 Chippaway Indians here from Saggana-Bay, who held a Conference with the Commandant Col. Gladwin, and are gone home extremely well satisfied with the Treatment they met with from the English in general in the Garrison."

DETROIT, March 25, 1764.

"Col. Gladwin has permitted a few of the Saggany Indians to trade here two or three Times. About 12 Days ago, several Scalping Parties of the Poutewatamies came to the Settlement, killed and wounded several of the French Cattle, with some belonging to the Garrison; and after skulking about five or six Days, went off, since which have heard nothing of them. We now sleep in our Clothes, expecting an Alarm every Night. We are informed, that the Carrying-Place at Niagara will be beset very early in the Spring by the Indians: This I take to be the Reason why the French Merchants here want to purchase all the Goods out of the English Stores, in Hopes that no more will be got here this Year."

We learn, by some Gentlemen just arrived from Detroit, That all was well there, on the 11th of April last.

PHILADELPHIA, May 24.

We hear from New-York, that by an Express last Week from Niagara, there is Advice that all was well there, as also at Detroit; but that Lieut. Colonel Gladwin had cautioned the commanding Officer at Niagara to be on his Guard, lest the Indians should surprise them, as they did several of our Posts last Year, having some Reason to believe they are gone down to the French, towards Mississippi, for a Supply of Ammunition. It was however hoped, that Sir William Johnson's intended Treaty with the Indians next Month, will be attended with good Effects.

Saturday last came to this Town a Girl about Sixteen Years of Age, that has been a Prisoner among the Indians of the upper Parts of Sasquahanah some Years past. She relates that they were much concerned about Captain Bell, not knowing what was become of him and his Party, and fearing they were killed.—They had not, it seems, heard of this Party's being surprised and made Prisoners by Sir William's Indians.—She says, that there are a great Number of Indians in the Town she was at, and many white Prisoners. That when they heard of the Massacre of the Indians at Lancaster, they were extremely enraged, the Squaws screaming all Night, and tearing their Hair, and the Warriors promising them Revenge. That they began to be very cross to the Prisoners, on which she, and two others, a young Man and Woman, that were Brother and Sister, projected their Escape. And having, for their Subsistence on the Way, stolen from the Indians some of their green Powder, they left them about three Weeks since, running all Night, and hiding themselves in the Day; and that when they came to the Foot of the Hills, the young Man and Woman left her, to go towards the German Flats, and she came forward hither.—She says her Name is Sally Wilkins, that she was taken from a Place called Guiney, in Northampton County, about twenty Miles above the Wind Gap. That she had a Brother, who was taken with her, but soon got away, and she has not since heard of him. The green Powder, she says, is composed of Indian Meal, some dried Roots and Herbs, and a good deal of Salt. That a Spoonful of it a Day is sufficient for one Person, to keep them from Hunger; but it makes them thirsty, and occasions their drinking a great deal of Water. This Powder, with some Roots, found in the Woods, she says has been all her Subsistence on the Journey, and yet she looks pretty well.

From Carlisle we have Advice, that about three Weeks ago a Man and his Wife were murdered by the Indians on the South Branch of Patowmack, and a Child carried off.
