LOCAL DEPARTMENT.
HIS OF News About Town, Gathered by the "Advertiser" Reporters.

—Mr. L. W. Dorman occupied his fine, new residence on Division street last Wednesday.

—Mr. Ned Sirman lost a good horse Monday night. Colic is supposed to be the cause of his death.

—The Messrs. Mankos now display a handsome banner over Main street opposite to their clothing store.

—Mr. Wm. W. Disharoon, of Allen, Md., died at his home last week. His remains were interred last Friday.

—Mr. R. H. Humphreys' 18-month-old son weighed 16 lbs. last Monday morning. This, we venture to say, is the heaviest child in this locality to its age.

—By the distribution of the school fund by the State Comptroller, Wicomico county gets for school purposes, \$20,000 for white, and for colored, \$800.28.

—Mr. Jas. Love took his "bus" from the shops of Dezman & Dickerson last Saturday, and, having in it a seat of capacity and strength as well as in appearance.

—The mite society of the Presbyterian church will meet on Tuesday evening at the residence of Col. Graham on Camden Ave. All are very earnestly invited to be present.

—Commissioner Humphreys advertised for constant employment of bridge over break in Blark mill dam, in this issue. He will sell the contract Oct. 24th.

—Mr. Geo. C. Hill has recently occupied the large shop above L. H. White's. He is engaged in the business of undertaking and cabinet making.

—Mr. Z. W. Taylor, formerly postmaster and merchant at White Haven, has removed with his family to Cambridge, where he will continue to pursue the mercantile business.

—Services will be held in Trinity M. E. Church, South, on Sunday morning at 11 o'clock. In the evening at 7:30 a series of special music will be given. The public are cordially invited to attend.

—The sacrament of the Lord's Supper will be administered in the Presbyterian Church on Sabbath morning next. Preparatory service this (Friday) evening at 7:30. Regular preaching service Sabbath at 7:30 p.m.

—Mr. G. Edward Mitchell left at our office last Wednesday a sweet potato 2 feet long and about 5 inches in circumference with a turn or handle at one end which gives to the root the appearance of a walking cane.

—The storehouse and stock of goods of Vaughan's Hayman at Post P. O. this county, was destroyed by fire last week. There was an insurance of \$700 on the stock, but the building, which belonged to Jones Banks, was uninsured.

—Mr. Ran Humphreys has a new acquisition to his Fairfield place. A friend in North Carolina recently sent him a fawn six months old which was at one time domiciled at Mr. Humphreys' fine country residence. The deer seems perfectly happy with his new surroundings.

—The Till Family's Rock Band Concert of vocal and instrumental music from Crystal Palace, London, will be at Tillman's Grand Opera House Tuesday evening, Oct. 25th. The exhibition will be for the benefit of our Cornet Band, and will, no doubt, be largely attended.

—All pond or stream owners who wish to stock with German carp can secure them free of charge by applying to Fish Commissioners S. P. Towne at his headquarters, Salisbury, Md., by the 10th of November. The owners of the numerous streams of this county should endeavor to cultivate this table luxury.

—There will be a Prohibition political mass meeting held in the court-house here next Wednesday evening, the 13th, at 7 o'clock. Walter F. Harman, Esq., candidate for congress, Rev. Alfred Smith, of Cambridge, and Rev. A. S. Mayhew, of Pocomoke city, will speak. Music will be furnished by the Pocomoke City quartette.

—Mr. Joseph Ward's mare ran away last Tuesday on Main street near the bridge. She was attached to a cart and came in contact with a wagon opposite to the store of Humphreys & Tilghman. Mr. Jas. Jones of Quantico, who was seated on the wagon, was knocked off and seriously hurt. His injuries, which are located about the head and shoulders, rendered him unconscious for a quarter of an hour.

—Salisbury Lodge, No. 290, "Order of Tontu" was instituted on October 4, 1888, by J. W. Garrett, D. P. and the following officers were elected and installed: J. N. Fichter, President; D. J. Gordon, vice-President; Wm. E. Dickerson, secretary; C. Covington, treasurer; W. A. Crow, M. John H. White, S. Dr. John S. Feller, M. Examiner. They have 25 names on the charter list, and expect to gain in numbers.

—Last Tuesday and Wednesday evenings apart by J. Bergen for his annual Fall Opening. The occasion had been previously announced by judicious advertising and those who went to see the new things on display were very much pleased with the tasty and handsome array of new fall and winter bonnets, wraps, dress goods, etc. Mr. Bergen has an excellent store well filled with many things of which every lady feels the need.

THE Electric Museum.

Prof. Jukes, wife and daughter of Philadelphia, glass-blowers, paper workers and musicians, have given a week's entertainment at Forest Hall. The engagement will close to-night (Saturday). They have had good audiences and all were pleased with the splendid specimens of handwork wrought by the skilled performers. The glass blowing and spinning is interesting to see, and the music, performed by electricity, indicates an ingeniously devised arrangement of batteries and wires so attached as to produce harmonic sounds.

A Market House.

Messrs. Humphreys & Tilghman are having erected on their vacant property on Main street adjoining the saloon of A. F. Parsons & Co., a two-story brick building 64 feet long by 28 feet wide. When asked to what purpose they intended to put the structure when completed, these public spirited gentlemen replied with a slight suspicion of pleasure, that it was to be a "fill-a-lot" want. At as sure as guns that a large enough market-house would soon be one of the realities of Salisbury's business enterprises. Mr. Lankford has the contract for the brick work.

Compromised.

Mrs. Sallie W. Givens, the old lady who sprained her ankle last winter by a tumble from a cart, which she alleges was caused by the ruts and irregular condition of the public road over which she was riding at the time, was awarded \$500 damages last Tuesday by the county commissioners. Mr. Jas. E. Ellegood, her counsel, had brought suit against the county for a considerable sum. The case was set for trial at the approaching term of the Circuit Court for Wicomico county. The compromise by our commissioners comes in time to save this county the paying off of a judgment which might exceed the sum at which the matter was compromised, besides the extra expense of a trial away from home.

Orphan's Court.

At Tuesday's session the following business was disposed of:
Banks of Matthias Bailey, J. Hillary Riall, Wm. Brattan and Wm. F. Twilley, administrators respectively of Urias Bailey, Oscar F. Riall, Alfred Brattan and Oliver F. Holloway, were approved and recorded.
Accounts of sales of Nancy Collins was recorded.
Administration account of Wm. F. Wilson, approved.
Inventory of L. W. Parker, Jos. C. Bratt, Alfred Brattan, examined and approved.
Guardian account of Levi Q. Shockley, passed.
Desperate debts of Olivia F. Brattan, passed.
Adjourned till Oct. 23.

Personal.

—Mr. Jas. E. Ellegood was in Baltimore this week.
—Mr. G. Vickers White is spending a few days in the city.
—Postmaster Rider spent a few days in Philadelphia this week.
—Mr. Jas. Ball and wife spent a few days at Oak Hall, Va. this week.
—Mr. Harry Fish, of Mobile, Ala., a nephew of the Messrs. Fish of this town, is visiting his aunt here.

—Mr. Wm. Tarr, of Washington, D. C., spent a few days with his sister, Mrs. Dr. E. W. Humphreys, this week.

—Mr. J. Bergen, has fitted up a handsome Millinery Parlor in his establishment for the reception of ladies.

—Mr. Rufus Parsons, who was recently retired from the service of the B. & O. railroad with a yearly stipend is visiting friends here.

—Miss Lucy Hiltch was a winner again at Elkton last week. This time she took a special prize, a \$100 Saniters and Stayman organ. The pension was offered by those gentlemen to the lady who could exhibit the best fancy tid.

Presbytery of New Castle.

At the recent meeting of the Presbytery of New Castle, held in Rock Church, Cecil county, Rev. T. S. Armentrout obtained dissolution of the pastoral relationship existing between him and the church at Berlin. Mr. Armentrout was installed at Berlin one year ago.

Rev. Swartz, of Trenton, N. J., accepted a call to the Central Church of Wilmington; the church to which Mr. E. Kels, of this city, was called last May.

An overture was received from Rev. W. L. McLean, requesting the Presbytery to give a deliverance on the subject of Infant Baptism, with direct instructions as to those children are to be baptized. In reply to which the following answer was given. Resolved, that the children of parents who are in good and regular standing in the Presbyterian church, the children of members of some evangelic church recognized as such by this Presbyterian Church, the children under the guardianship of members of the Presbyterian Church in good and regular standing, to whom these members stand in the place of parents, shall be baptized by the ministers of this Presbytery.

Presbytery adjourned to meet next April, in the Wicomico church of Salisbury.

County Commissioners.

There was a full Board present last Tuesday's meeting.

Mr. Holley of the "Board reported that he had contracted with Isaac S. Williams, Hiram Lewis and E. S. Adkins to build the new road through the lands of Geo. M. Adkins, Wm. A. Dennis, Brittingham Bros, and others in the 4th district for \$154, to be paid out of levy of 1889.

The treasurer was ordered to pay T. R. Jones & Bro. \$75.50 for goods furnished Almshouse.

The following Judges of Election were appointed, the first named in each case to be return Judge:
5th district, Jno. W. Parker of L. E. Q. Walton, Jas. A. Venables.
7th district, Levin W. Malone, Jesse Goode, Jno. H. Dolan.
8th district, John Reddick of J. S. Sydnor, L. Trader, Joseph H. Hayman.
9th district, Edward G. Mills, Saml. W. Freeny, Hugh Ellingsworth.

Wm. Abell was granted a pension of \$20.00 per month, order to S. E. Wisley.
Emeline Williams was granted a pension of \$1.50, order to L. B. Gillis, both from October 1st.

Messrs. Geo. W. Meixick and J. D. Holloway were authorized to view 20 tons of coal for Court House and Jail.

Mr. Dashiell was instructed to have the wharf and ferry house at White Haven repaired.

Report of examiners on Rock mill dam was ratified and confirmed, and Mr. Humphreys was authorized to have break in dam repaired and bridge built. Adjourned till October 23rd.

John Parker has opened a first-class restaurant in the Utman building on Dock street. This is one of the needs of our town, and we hope that John will make a success of his undertaking.

CORRESPONDENCE.

Items Gathered from the Various Sections of the County.

DELMAR, Oct. 11, 1888.
Misses Georgia and Josephine Carver, of Wilmington, are visiting Mrs. G. W. Perkins.

John B. Slemmons left the early part of the week for Philadelphia to take a position under the Diamond Tobacco Company.

Walter F. Harman, the Prohibition candidate for Congress of the First district of Maryland, is expected to speak here Wednesday afternoon, 17th inst. Meeting at Hiteches' Hall at 2 o'clock p.m.

Pocomoke, Oct. 11, 1888.
Since the opening of a few respectable families a short time ago, our population numbers very nearly two hundred inhabitants.

We have two stores, two blacksmith shops, one splinter mill, one grist mill, one steam saw mill and one foundry, one school house and one M. E. Church, while the railroad passes through our village. We have some workers, plenty of material to work with, and some to work on. Considering these conveniences if we could convert some of our swamps or better said banks into wheat growing land, we might almost stay at home and live.

Within three months many changes have taken place in our village. Things appear very much the same, yet different. Last scholastic year we were favored with a gentleman teacher, this with a lady.

There have been four marriages and one death.

Mr. Granville Parsons has built a nice two-story house, fronting on main road, and now occupies it.

The young ladies, too, of our community are looking forward to the coming year. The crop this year is not above the average in quantity, but the quality is excellent. Messrs. Towne & Co., have about finished harvesting their crop. Mr. Parsons will be occupied in his a few days next week.

—We notice in our esteemed up-shore contemporaries that the young ladies of the section town are making preparations to give their gentlemen friends the periodical Leap Year Hop at Christmas.

—Several of our merchants are losers by the failure of Geo. W. Woodrow, a general merchant of Princess Anne.

Notter Speaks the Other's Tongue.

The marriage of Baron Berthold Hoenig, Hoenig, first lieutenant of the Russian Regiment of Chevaliers-Gardes d'Imperatrice, to Miss Anne Lathrop, the eldest daughter of George V. N. Lathrop, recently minister to Russia, took place in St. Paul's Church, Detroit, Michigan, Thursday evening, in the presence of a church filled with the friends of the couple. Baron Hoenig is the descendant of an old German family settled in Russia. He is 30 years old, and handsome. Miss Lathrop is very beautiful, and her father is one of Detroit's millionaires and the leader of the Michigan bar. The betrothal occurred only a few weeks ago, in London, and the young couple have been acquainted but a short time. The bride does not speak Russian nor the bridegroom English, and it is surmised that he would live now in Germany, now in France.

Coquetting About Adjustment.

Last week was the democratic House that was anxious to adjourn, now it is the republican Senate. The members of the House are now anxious to have the true character of the Senate bill exposed in debate. They think it can be shown to be a shrewdly conceived device to raise the tariff tax on a multitude of articles on which the people would like the tax lowered. By changes of classification, and by changing ad valorem to specific duties, a number of new jobs are attempted, it is claimed, in the interest of various monopolies. This the House believes to be a fact, and the majority of the House is willing to defer adjournment until the nature of the bill is made perfectly clear to the people.

On the other hand, the republicans, on the other hand, hold that the House and in the Senate, both their interest, it is said, in having a tariff bill to boast of, but not in having it examined. They have removed from their party, they assume, the reproach of being unable to recommend any plan of reducing the revenue. Their bill has been produced, and now they want all the benefit of that single fact. If it be examined at too great length in the Senate it may be shown, perhaps, to possess unpopular features. Hence they are anxious to adjourn, provided only that the House be the first to propose adjournment. But the disposition of the majority of the House is to adjourn, to permit the Senate to fry awhile in its own fat.—Editor, Sun.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown. To-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its functions find it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvellous.

The Astors.

They are eternally adding to their possessions; they have thousands of buildings—residences, offices, stores, warehouses—and may in time hold title to the bulk of the town. No one, outside of the immediate family, and but very few in it, have any idea how this absorbing process goes on; month after month, year after year, generation after generation. The Astors keep their affairs as secret as possible; they are reticent—men, women and children—as a rule on that subject, though only their head and their manager have any definite information. They know that they are superlatively rich; that every day, every hour, every minute, augments their riches; and with this they are satisfied.

That Dearest of Combinations.

True delicacy of flavor with true efficiency of action has been attained in the famous California liquid fruit remedy Syrup of Figs. Its pleasant taste and beneficial effects have rendered it immensely popular. It cleanses the system, cures constiveness, etc. Dr. L. D. Collier, Agent.

Democratic Camp Fires.

The Democrats of Pennsylvania lighted their camp fires on Thursday night, and no less than 1,200 meetings were held in different sections of the State. Where it was found impossible to obtain speakers, the President's message and the speeches of Speaker Carlisle or Mr. Mills were read. For a State that is placed all over with protection, Pennsylvania seems to hold a great many earnest and active tariff reformers.—*Boston Herald.*

Don't Like Harrison.

Mr. Blaine admits that Indiana is the "best Northern State." But this doesn't mean to describe the situation. Indiana is a Democratic State. The labor organizations and the farmers who are the backbone of the State, and more numerous than anything else, the Indiana spiders have ceased to weave "Harrison" into their webs.—*Chicago Herald.*

Advice to Mothers.

Mrs. Winstons's SOUTHERN SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

In a Dilemma.

Applicant position as policeman—And what will be my duties, sir?
"To arrest people, of course; those who are drunk and have no visible means of support."
"Faith, sir, that will be a big job, artist-folks with no visible means of support."
"Why?"
"If the women don't wear nice clothes, they have to run them all in."

Limits to His Ambition.

Bobby was ill. "Mamma," he asked wearily one day, "will I get well again?"
"Yes, darling," replied the mother, "you will soon be well again, and grow up to be a big man."
Sister of one minute. "Mamma," he asked earnestly, "will I be as big as Uncle Dick?"
"Yes my dear."
"Then I guess," he continued thoughtfully, "I'd rather die."

Harrison and the Irish.

Harrison would keep the Irish at work on the railroads and streets, as he considers them good for nothing else. But he will not be allowed to dictate, and when we let the Europeans support us we will all be gay and happy together, we Americans.—*Kansas City Times.*

A Sure Sign.

The rooster that can crow loudest when the returns are all in is the rooster to bet your money on. The latest news from Connecticut indicates that the land of steady habits has not wobbled. The town elections indicate the usual Democratic majority on a full veto.—*Phila. Record.*

A Couple of Barbs.

So, after all, Blaine is to make only two speeches in Indiana. The lippard campaign gets off cheap. It dared not muzzle the mouth altogether, as it proposes to let him bark twice and then get him out of the State's internal politics as speedily as possible.—*Kansas City Times.*

If you can't buy the Six Xer Plug at your store, write for a sample, to Gilliam & Harrison, Petersburg, Va.

A Hard Fact.

We still ask an answer to this question: If high tariff makes high wages, why is it that China, that has had a very high tariff for 200 years, only pays common laborers 20 cents per day and skilled laborers 30 cents? Will somebody explain?

Six Xer Plug is a mild, mellow chew. Day's piece. Gilliam & Harrison, Confectioners, Petersburg, Va.

Knots in the Platform.

The Cincinnati Commercial Gazette thinks that Senator Sherman is a great statesman in advocating free trade with Canada, including, of course, free lumber, coal, salt and wool, against all of which the republican party is pledged.

A Big Difference.

A reasonable tariff results in protection—excessive tariff is a breeder of trusts. The difference is essential.

Merry is so good a servant that it will never allow its master to die a beggar.

The virtues that are in the Merry's Cabin Plaster are so beneficent and lasting as the qualities of mercy. Best and cheapest porcelain plaster in market.

An Old Dodge.

Many Senators are much disturbed by the suppression of the colored vote down South. Their attention is called to a case just reported from Indianapolis, the home of the Republican candidate for President. The head of a prominent manufacturing concern there, according to the statement of his foreman, under oath, discharged the latter because he was not in political sympathy with the firm. According to the discharged employee, the latter continued to go on going to make a desperate effort this campaign, and I am beginning this way. If Harrison and Morton are elected I may forgive some of the boys, but if they report I will discharge every Democrat in my power. This sort of thing, if the report be true, should be joined with any investigation of Southern outrages.—*Washington Post.*

Weighted by His Wife.

Ambitious Citizen—Woman, you'll be the ruin of me yet. When I try to rise in public life and become an eminent statesman you invariably interfere, and yet you nearly drive me wild by comparing my slow progress to the great success of my rivals. Simply because I announced that I was going to share off my mistake you have raised a storm about my ears. How under the canopy can I get as many votes as Mr. Greatman? I don't keep my face smooth, say I know Mr. Greatman has no mistake or beard, but what difference does that make, I'd like to know?
"Huh! Pretty politician you'd make. When Greatman kisses his constituents' babies the little ones smile and the fathers are delighted, but when I kiss the same youngsters my mistake ticks their dirty little noses, and the little ones yell like forty cats."—*Philadelphia Record.*

A Safe Investment.

Is one which is guaranteed to bring a satisfactory result, and in fact, a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of the Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at L. D. Collier's, Drug Store.

Easily Explained.

She (sternly)—I saw you kiss my waiting maid at the door.
He (fidgeting)—Well, sir, you see my dear, you often come to the door and the hall is rather dark, and I am very near-sighted.

She—But she threw her arms around your neck.

He—Yes, she was probably scared and felt faint, and wanted something to hold on to—and I mistook me for the hat-rack.

She—Hat-racks don't talk.

He—You forget, dear, that she is a little deaf.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption. Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell so well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. L. D. Collier, Druggist.

Correct Lacing.

The much abused corset has at last found a defender in a professor of pathology at Cambridge (England) University. He told the British Medical Association recently that "the slight pressure incident to wearing stays has a beneficial effect, and reasonable lacing increases physical and mental activity." But reasonable lacing will hardly justify attempting to encircle a 26 waist with a 19 corset.—*Chicago Times.*

Syrup of Figs.

Is Nature's own laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Colic, and Fever; to cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Dr. L. D. Collier, Agent.

A Young Woman.

An unknown species—New governor. Now, my dear, in what zoological classification would you place man?
Pretty girl—Man?
"Yes, don't you know what a man is?"
"No, mamma. I've been spending my winters in a convent and my summers at seaside resorts."—*Phila. Record.*

Bucklen's Arnica Salve.

The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Bites, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give satisfaction, or money refunded. Price 25 cents per box. For sale by L. D. Collier.

Good Points.

The salt of the table pays more tax proportionately than the silk of the wealthy wardrobe. The diamond of the duke is taxed lighter under the tariff than the wool hat of the workman.

Silk Not Plug.

good for stomach, brain and lung. Never known to let the tongue. Gilliam & Harrison, agents, Petersburg, Va.

The Irish.

General Harrison's past speeches are giving him almost as much trouble as his present speeches give Blaine. His alleged reference to Irishmen as "rental territory" and only fit to shovel dirt is not likely to solidify the Irish vote for any one except his opponent.—*N. Louis Post-Dispatch.*

The new Bonnets and Hats.

The drift is to smaller, snugger, closer shapes. What there is of lingering Gainsborough effect is clipped and warped. More Toques and Turbans. Bonnets a little wider and a reef or so in the top-sails. And with everything a touch of green. Bright green, medium green, dead green that you can hardly see in some of them, but at least a bit of it is sure to be there. A great deal of white creeps in now and then, always in sharp contrasts.

Poor birds! Feathers are fluttering all around. Pretty, to be sure, never prettier. You meet breasts and flat feather bands and tips and wings at almost every turn.

Jet holds on, but not in such solid masses. Mixed with velvet and ribbon. More delicate, airy, lacey effects.

Long plumes are nodding toward the front again. The old-fashioned bandeau too. In tripelets above the bonnet front.

We were never in better shapes with Silks, or with Velvets, and Plushes. Picking and ordering for months past to get ready for now. The Autumn things are in. New shades, novel effects, and varied weaves. A galaxy of beauty grouped in the mellow light of the Transept. Only random touches to-day.

No Black Silk more popular than the Faillie-Francaise. Here are two lots, the best value we ever offered:

2 1/2 inches wide \$1.25

22 inches wide 1.50

We took an importer's all of Black Striped Moire wide brocade figures—3 dol. goods; you shall have them at \$1.50.

Every tint, that ever gets in Colored Silks. Among the weaves.

Armure Royal. Moire Francaise. Rhadame. Faillie Francaise.

A 20-inch Faillie, all shades, at \$1.25 shows the price trend.

Novelties and Fancy Silks, Brocades, and the revived Matelasse, in favor for the new style of Douille Cloaks.

Silks for evening wear, receptions, and weddings are on a counter by themselves. Sorts as thick as blossoms in a hedge row. From 75c Surahs to gold and silver tint effects at 10 dollars.

Black and Colored Velvets run from \$1 to 7.50. A special lot of 22 inch at 1 dol. and 50 cents isn't half big enough.

What is said to be the largest variety of Plushes ever imported. Brilliant shades for fancy work, more subdued colors for Wraps.

18 inch, 25c to \$1.50

24 inch, \$1.25 to \$8

You must look twice to tell the Seal Plushes for Cloakings from real seal.

4300 pairs of Women's Real Kid Gloves, just from the Custom House. 4 buttons, handsomely embroidered, 75c. As close to half price as well can be. You'll open your eyes and very likely your pocketbook at the same time when you see them.

Whether your pick be the \$1.25 "Wanamaker's" Brussels, or the \$1 grade, or one for 50c, the lowest price ever made for a good Brussels Carpet, every cent you pay will go for genuine Carpet worth. We have met every want in Brussels Carpet so perfectly that no buyer need look twice.

Just as true of the Tapestries. The new 45c kind has the true Brussels look, 45c for a good Tapestry! An unheard-of happening.

The \$1 Velvets are in Moquette styles of patterns. A few designs of Moquettes will be wound up at \$1.25.

Full lines of all the new and choice styles in every grade.

SALISBURY ADVERTISER.

—Wm. F. Ward died at his home near

Wingo Thursday night of pneumonia.

He was taken about five days ago

and grew steadily worse until his death.

Mr. Ward was one of the best citizens

of the county and his death causes a great

loss to the community in which he lived.

He was about 45 years of age.

—Mr. Nathan Bergen, the active little

salesman who smiles behind the coun-

ters of J. Bergen's goods, was married

last Wednesday afternoon to

Miss Julia Koehler of Baltimore.

The ceremony was performed at the residence

of the bride's parents by Rabbi Hoch-

lander. The couple will reside in Sal-

isbury.

—Mr. David Wroten received the fol-

lowing telegram Thursday from Gains-

ville, Fla.: "Dan died last night. His

wife is in consoling." The Dan referred

to is Daniel Tilghman, who is well

known in Salisbury where he was born

and where his mother now lives. It is

supposed that he fell a victim to the

yellow fever, but the particulars of his

case have not reached here yet.

—Salisburyans who wish to attend the

Cape Charles races next week, can do it

at small expense. Arrangements have

been made by the railroad company to

sell round trip tickets, good for the

week, for the small sum of one dollar and

seventy-five cents. The managers of the

association are taking every step possi-

ble to make their initial fair a suc-

cess. The grounds will be covered with

40 acres which surround outlying into the

park. Good horses are booked for the

contests.

—Robbins' Circus was in Salisbury last

Saturday and many people from the

county attended, but not so many of our

citizens attend these things now as in

years past. The show did not have the

average and did not differ materially from

those that have preceded it. One new

feature, however, was a realistic repre-

sentation of frontier life by the introduc-

tion of the Cowboy and Indian. The in-

dividuals were well mounted and other

schemes for relieving the foot of his

money were right along with the rest.

—The two Oyster Police schooners

built by Mr. Train A. Bonnis, at his

yards on Barren Creek were anchored

at Annapolis last week and have since

been accepted by the Board of Public

Works. The vessels will be commanded

by Emilie Harige and Wm. T. George

and will cruise in Anne Arundel county

waters and Chester river. The strength

and beauty as well as the sailing quali-

ties of these boats have drawn to them

the well earned reputation which Mr. Bonnis

has won for himself as a boat builder.

—The Sons of Temperance have arranged

with some of our prominent lawyers

and other public speakers for a series of

lectures to be held at temperance head-

quarters. The first discussion will be

held on Friday, Oct. 20, and will be

on the question to be treated is "Resolved

that the effect of import duties is pro-

tection, and revenue is an incidental

blessing." Messrs. W. B. Miller and Robt.

P. Graham will speak in the affirmative

and Messrs. Jas. E. Ellegood and Jay

Williams, the negative.

—The Campaign Committee of the Pro-

hibition Party held another business

meeting here Tuesday last, the 22d. It

was decided to have a grand rally of all

the prohibitionists of the county at

Salisbury on Friday, Oct. 25, and the

meetings will be held on that day, one

in the afternoon at 2:30 o'clock to be

addressed by Rev. Alfred Smith of Cam-

bridge, and the other at 7 o'clock in the

evening, to be addressed by Rev. Charles

A. Smith of Centerville, and Dr. John A.

B. Wilson of Dover. Music by the Tysan-

quartette.

—The October term of the Circuit

for Worcester county convened at Snow

Hill Monday. Judge Irving presided

and delivered the charge to the grand

jury. Jas. S. Jones was chosen foreman.

The docket is unusually short. The

only case of interest to be tried this term

is the libel case of the State of Maryland,

at the instance of Chas. O. Melvin,

against Alfred J. Merrill, editor of the

Peninsula Ledger, of Annapolis. Mr.

Melvin at the time this charge was laid

was editor of the Record and Gazette, of

the same town.

—The Fall family of Crystal Palace,

London, exhibited at the Uman Grand

Opera House last Tuesday night; but

being to the incident condition of the

elements the audience was small. The

Salisbury Cornet Band, in whose interest

the company played, was money out, as

the receipts at the door were not suffi-

cient to meet the expenses by about

twenty dollars. This is to be much re-

gretted, as our band should have every

encouragement, pecuniary and other-

wise, from the people of Salisbury. The

company consists of two brothers and

two sisters who perform on various nov-

el instruments, and the entertainment

they gave here was quite good.

—Could you have made one better

three years ago that Salisbury would in

short a time have a half dozen busi-

ness places using cash delivery system,

such as is used by the leading business

houses in the great commercial centres?

Yes it is true. Four of our leading mer-

chants have a ready pat in the system and

others are contemplating it. Messrs.

Fowler & Timmons and R. E. Powell &

Co., have had workers in their places

this week using it. The business sys-

tem is the one used. Those who have

tried it say it saves a great deal of labor,

and contributes much towards making

business more systematic. We are daily

growing more city like in our appearance

and business habits.

—Orphan Court.

All the judges and officers were pre-

sent at last Tuesday's session. In-

ventories of Olivia F. Holloway and

Urie Bailey were approved.

Desperate debts of Levin W. Parker

allowed.

Letters of administration were granted

to Col. Samuel C. Graham and Daniel J.

Parsons, on the estate of Wm. W. Lay-

field.

Administration account and distribu-

tion of Samuel J. White, passed.

Adjudged 11th November 13th.

No Doubt About It.

Mayor Latrobe on his return to Bal-

timore a few days ago from the Eastern

Shore said to an Evening News reporter:

"From the enthusiasm that was mani-

festated at every mention of the name of

the Hon. Charles H. Gibson, and from

what I heard respecting the various

counties of the first district, I am con-

fident that he will be re-elected by about

the same majority as he received two

years ago. It is a great favorite with

the people of the Eastern Shore. It is

true that Col. Thomas S. Holden, his op-

ponent, is also popular, but the drift of

public opinion seems to be that Mr. Gib-

son will be again returned to Congress."

We take the liberty of correcting the

Major's statement to the effect that there

is no matter of fact to be returned. It

is a matter of fact. The people of Eastern

Shore are too true and tried for this

district to be considered doubtful. Mr.

Gibson will be our next Congressman.

No difference of opinion about that—

Ed.

Uncollected Letters.

The following is a list of letters re-

maining in the Salisbury (Md.) Post-

Office Wednesday, Oct. 24, 1888.

LADIES' LAST—Mrs. Annie Ingram,

Miss Laura E. Kelley, Miss Janey Phil-

lips, Mrs. Hester Toll, Mrs. A. Florence

Williams, Miss Charlotte Gray.

GENTS' LAST—G. E. Miller, Shary

Nichols, Rufus Parson, Henry Snow,

John L. Staton, E. S. Truitt, Perry Wood,

Wm. Kelly.

Persons calling for these letters will

please say they are advertised.

—G. R. Riker, Postmaster.

County Commissioners.

At Tuesday's session Messrs. Hum-

phreys and Meick were absent. Mr.

Dashell was elected president pro tem.

John W. Wilkins was appointed Const-

able in Sixth District.

Joshua J. Marvel was granted pension

of \$2.00 per month from date.

Resignation of John M. Brown, Super-

visor public roads in Fifth District, ac-

cepted.

Levin B. Price was appointed Judge of

election in Seventh District, vice John

H. Delaney, excused.

Mr. Cooper authorized to buy sev-

enty-five peach trees to be planted on

Alma House farm.

George W. Smith was appointed Su-

perintendent of public roads in Fifth District.

Board adjourned to meet November 13th.

A New Enterprise.

Messrs. Grier Bros., formerly of Mil-

ford, Del., were in town this week con-

summating their contracts preparatory

to opening machine shops here. They

have purchased a lot near the depot and

expect to be in operation by the begin-

ning of the year. The business will in-

clude iron and brass foundries and gen-

eral machine shops. Among the stand-

ard articles which the firm expect to

manufacture will be cast iron and brass

and grain fans. There is undoubtedly a

good field for that kind of business. The

standards which they propose to run on,

can be manufactured as cheaply here

as anywhere, and the work of repairing

will be no inconsiderable part of the

business. We welcome such enterprises,

we not only welcome them, but are ready

to offer them inducements.

Mr. Gibson at Vienna.

A correspondent says this of Mr.

Gibson's speech at Vienna last week:

"He was applauded throughout his speech.

He paid a glowing tribute to President

Cleveland and his administration. He

spoke highly of Col. Holden and said he

was a republican, when he was about half

through his speech the audience fairly

shouted at the sight of a handclasp which

he held in his hand, seemingly uncon-

scious of it. Noting that the hand was

Thos. W. Smith, who occupied a front

seat in a happy mood, Mr. Gibson

tossed the handclasp to him and said, 'I

will make you a present of that.' Mr.

Smith caught it on the fly and rising ex-

pressed his thanks for the gift, which he

three times waved around his head

while the audience cheered him to the

echo.

Patience, White.

Miss Nellie H. White and Dr. John S.

Pilton, both of this town, were united in

marriage with full English service, at St.

Peter's Church last Thursday at noon.

The church was crowded with friends

who had assembled to witness the cere-

mony. Miss Nellie Crane, an intimate

friend of both families, presided at the

organ. The bride was led to the altar by

her brother, Mr. G. W. White, where she

met the groom, accompanied by his best

man, Mr. M. P. Ford of Philadelphia.

The bride party was preceded by a

white, bearing baskets of flowers. The

BEFORE IT IS BORN.

Some Startling Statements of General Interest.

Dr. Oliver Wendell Holmes, on being asked when the training of a child should begin, replied, "A hundred years before it is born."

Are we to infer from this that this generation is responsible for the condition of the race a hundred years from now? Is this wonderful generation the natural result of the proper diet and medicine of a hundred years ago?

It is conceded in other lands that most of the wonderful discoveries of the world in this century have come from this country. Our ancestors were reared in log cabins, and suffered hardships and trials. But they lived and enjoyed health to a ripe old age. The women of those days would endure hardships without apparent fatigue that would startle those of the present age.

Why was it? One of the proprietors of the popular remedy known as Warner's safe cure, has been faithfully investigating the cause, and has called to his aid scientists as well as medical men, impressing upon them the fact that there cannot be an effect without a cause. This investigation disclosed the fact that in olden times simple remedies were administered, compounded of herbs and roots, which were gathered and stored in the lofts of log cabins, and when sickness came, these remedies from nature's laboratory were used with the best effects.

What were these remedies? What were they used for? After untiring and diligent search they have obtained the formulas so generally used for various diseases.

Now the question is, how will the olden time preparations affect the people of this age, who have been treated, under modern medical schools and codes, with poisonous and injurious drugs. This test has been carefully pursued, until they are convinced that the preparations they now call Warner's Log Cabin remedies are what our abused systems require.

Among them is what is known as Warner's Log Cabin sarsaparilla, and they frankly announce that they do not consider the sarsaparilla of so much value in itself as it is in the combination of the various ingredients which together work marvelously upon the system. They also have preparations for other diseases, such as "Warner's Log Cabin cough and consumption remedy," "Log Cabin hope and brain remedy," "Warner's Log Cabin hair tonic," "They have great confidence that they have a cure for the common disease of catarrh, which they give the name of "Log Cabin rose cream." Also a "Log Cabin plaster," which they are confident will equal all others, and a liver pill, to be used separately or in connection with the other remedies.

We hope that the public will not be disappointed in these remedies, but will reap a benefit from the investigation, and that the proprietors will not be embarrassed in their introduction by dealers trying to substitute remedies that have been so familiar to the shelves of our druggists. This line of remedies will be used instead of others. Insist upon your druggist getting them for you if he hasn't them yet in stock, and we feel confident that these new remedies will receive approval at our readers' hands, as the founders have used every care in their preparation.

Strange Ways of Life.

"Our blacks," says Mrs. J. R. Reid, a native of New South Wales, are different in type from the African. Their hair stands up, wiry and bushy, like that of the Cretaceous woman in your dime museum. In the bush they wear no clothes, but when they come in town the authorities compel them to be clad. The women object most strenuously to clothing. If you give a woman a gown she will seldom put on one in a sleeve, letting the garment hang from her shoulders and displaying one side of her bosom. The blacks find an abundance of food, and there is no incentive for them to accept civilization and learn to work. The country swarms with kangaroos, wallaroos (an animal similar to the kangaroo) rabbits and deer. Then the blacks make a large part of their diet of snakes and worms. Worms they eat raw just as they dig them from the earth. They eat snakes of all kinds.

"The blacks are not prolific, a couple seldom having three children. The women, of course, are brutally abused by the males and kept in the most degraded state of servitude. When a black wants a wife he falls upon some young woman, chokes her so she cannot cry out, and runs with her into the bush. There he must stay with her for three or four months. He cannot return to his own tribe until the expiration of this period. When he does take her back, if she utters no complaint of hunger against him—that is, if she does not show that he has utterly failed to supply her with sufficient worms, kangaroo meat and shakes—he can keep her. But for a year he must stay out of the way of her tribe, for if they catch him they will kill him and take the young woman back. The sign of the marriage state adopted by the women is the pulling out of one froth tooth. When the man becomes a Benedictine he indicates his joy by cutting off the little finger of his right hand at the first joint. They live in low, skin-covered huts, and I think, are in every respect beneath the North American Indian in intelligence."

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. This probable threat to everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and shown by a slight tickling sensation in the throat and it allowed to continue their ravages they extend to the lungs producing Consumption and in the end, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness, allowing a cold to go without attention is dangerous and may lose your life. As soon as you feel that something is wrong with your throat, lungs or chest, obtain a bottle of Boecher's German Syrup. It will give an immediate relief.

What It Means.

To the man or woman who has never been ill, the word "health" is meaningless. But to the one who has suffered and despaired, health appears as a priceless boon. To the thousands of unfortunate women who are suffering from some of the many forms of weakness or irregularities peculiar to their sex, Dr. Pierce's Favorite Prescription holds forth the promise of a speedy restoration to this "priceless boon."

A Blackhead Cure.

Blackhead is generally supposed to be a kind of skin worm, but this is a false idea. The truth is simply this: The skin, either from the lack of cleanliness or activity, or both, has failed to remove the waste materials from the pores, and the black head is formed by dirt adhering to the oily substance of the gland. I was recently explaining to a friend what blackheads were, he having some on his face, and he immediately exclaimed, "My face is as dirty as yours." "No," I said, "but you do not use soap when you wash your face?" No, he said not. "And do you rub your face hard and dry after washing?" No, he did not; he thought rubbing would make the face red, and it was red enough now.

That is exactly why his face was red and sore with pimples. It had not been rubbed, for that process stimulates the circulation of the blood in these parts which cause a healthy action of the skin and removes the waste matter from the glands.

What I have been trying to convey is just so sure as you use plenty of good soap and water and then rub your face hard until it is perfectly dry and smooth, once a day—but the oftener the sooner the good results will show—just so sure will you make great improvements in your complexion. Only rub a little carefully until you have toughened the skin and you will be surprised to find what amount of rubbing it will bear. Hard rubbing will make the skin as fine as silk, and to the touch it will feel like satin.—Herald of Health.

Headache and Erythema.

The railways have probably contributed more than all other agencies combined to make the United States what they are, yet no one will maintain that the headache and erythema which have been derived from their growth and development has been and is wholly unmixing of evil. Leaving out other considerations, it is not unfair to say that three-quarters of all the legislative enactments from which we have suffered during the past fifty years has been directly chargeable to the railways; and that a very large proportion, perhaps nearly as much as half, of the litigation that has occupied the courts during the same period has been directly connected with railway matters. We could well afford to forget and forgive both corruption and litigation if we now enjoyed a perfect railway system, smoothly working like a vast machine for the benefit of all.

But, unhappily, the machine does not work smoothly; on the contrary, it is sadly out of joint somewhere all the time, often out of joint in a dozen different places and in many different ways at the same time, and the machine is so complex, and so completely covers the whole country and is so directly and so intimately connected with all our business interests, that there is never a time when some of these interests are not in a state of uncertainty or disquiet, not infrequently in a state of anxiety and sometimes of collapse, by reason of trouble, financial or otherwise, among the railroads.—Forum.

Time Water in Diphtheria.

Time water is an admirable remedy in cases of diphtheria. Its local effect is most useful in cleaning and purifying the fauces, and its mode of application is the easiest imaginable. It requires no spray apparatus, no douching, and no effort at gargling. It is sufficient to have the patient slowly swallow a teaspoonful of good results from its use. It is of the greatest importance in treating children, who are too often cruelly tortured in the attempts to make local applications to the throat. Time water can be given easily, and is taken readily by children, and there are, we believe, few cases of diphtheria which require a more energetic local treatment than the one just described. In fact, we think that an early cleaning out of the bowels with calomel—sometimes in massive doses—followed up after a short interval by the administration of time water and the use of a suitable tonic and roborant regimen, constitutes a method which comes the nearest to being of universal applicability to every one with which we are familiar; and we think that the use of the time water is of more consequence than any other part of the treatment, except it be the purgation.—Medical and Surgical Reporter.

A Prominent Merchant in Trouble.

Old money bags mopes in his office all day. As snappish and cross as a bear: The clerks know enough to keep out of his way. Least the merchant should grumble and swear.

Even Tabby, the cat, is in fear of a cuff, Or a kick, if she ventures too near. What they know the matter is apt to be rough, And his freaks unexpected and queer. What makes the old fellow so surly and grim, And behave so unforgottenly mean? There's certainly something the matter with him— Is it stomach, or liver, or spleen? We've guessed it—his liver is stingy and bad, His blood is disordered and foul; It's enough to make any one hopelessly mad, And greet his best friend with a growl. The world-wide remedy, Dr. Pierce's Golden Medical Discovery, will correct a disordered liver and purify the blood, tone your system and build up your flesh and strength.

Telegraphed His Own Death.

Dr. John Scott, one of the oldest druggists of Pittsburgh, telegraphed the announcement of his own death, from a Pittsburgh, Fort Wayne and Chicago train, to his children.

Dr. Scott and his wife had been spending the summer with a married daughter in Duluth. Just before boarding a sleeping car the old gentleman was attacked with a hemorrhage. He recovered sufficiently to board the train, but felt that his end was near. He telegraphed to his two sons, both dentists, and his daughter in Minnesota. The telegram simply said: "Father is dead," and by Dr. Scott's order his wife's signature was attached.

It is enough to make any one hopelessly mad, And greet his best friend with a growl. The world-wide remedy, Dr. Pierce's Golden Medical Discovery, will correct a disordered liver and purify the blood, tone your system and build up your flesh and strength.

For First Place.

A great amount of political engineering will be done by friends of candidates to secure for their man the first place on the ticket, and the best man will probably secure the coveted place. Then if indorsed by the majority of the people, the election is assured. Electric Bitters has been put to the front, its merits passed upon, has been indorsed, and unanimously given the first place, among remedies peculiarly adapted to the relief and cure of all diseases of Kidney, Liver and Stomach. Electric Bitters, being guaranteed, is a safe investment. Price 50c and \$1 per bottle at L. D. Collier's Drug Store.

A Moving Spectacle.

A small caravan of five wagons, with concomitant plunder, passed through here Monday morning. They are an outfit of chronic movers, who have taken in Mobette on their line of travel to most every point of the compass in the last four years. Just now they are from New Mexico and going to the Chickasaw nation to winter. They have good teams, but the wagons and women look some older, and worse for wear. It is a pity to see the men and women who have been so long in the saddle, and the men harder. We believe also, if our recollection of features is not at fault, that they have an entire new set of dogs since the last time they went West.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at L. D. Collier's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Just the Same.

He was inquiring of a farmer at the Central market about cider, and finally asked: "If I pay you 8 cents a gallon will you put just as much water in it as I had paid you 3?" "I suppose so," was the reply. "The temptation would be there, and I have a hired man who never gives anything away."

Syrup of Figs.

It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Dr. L. D. Collier, Agt.

He Was no Indian.

Tramp—Could you give a bite to a poor man who hasn't eaten anything for a day?

Lady of the house (shouting shrilly): Tiger! Tiger! Come here, Tiger.

Tiger (to lady): You are calling your dog, madam. I want you to understand that I don't eat dog. I'm no Indian.

And he strode away in silent dignity.
